(Received Aug. 25, 1965 Hellenic Lines, Ltd)

August 23, 1965

Your Ref. P1-9071

Hellenie Lines Limited, New, York.

Dear Sirs:

m.s. "Hellenic Hero"
Zacharias Rhoditis, A.B.
August 3, 1965

We have before us your two letters concerning subject seaman dated August 16 and 19 with enclosure for [25] both of which we thank you.

Rhoditis actually arrived in Athens on the 18th instant, was met by us at the Athens Airport, and then sent to the doctor as he was in need of some medical attendance. Dr. Katsafados who attended him and X-rayed his leg reported to us that Rhoditis beyond his fractured fibula has no other serious damage and as soon as the plaster is removed from his leg and the period of his convalescence is over he will be able bodied again with no disability at all.

We believe that Rhoditis will not deny to settle his account before the Court, as in the case of Constantinides and some others on previous occasions we did, when we will, of course, offer him all the benefits to which he is entitled under the Greek Law and let you know in due course.

Very truly yours,
Hellenic Lines Limited

### Direct Examination

- Q. That was when? A. August, 1965, within the past two years.

- Q. Is that an authentic copy of that daily shipping Guide? A. Yes, it is.

Q. Yes. A. Yes, sir, it is.

Mr. Diamond: I would like to offer that in evidence, the Daily Shipping Guide for July 14, 1966, which was yesterday's, reflecting Hellenic Lines regular services in the [Supp. 6] Gulf and also shown as various places; its schedule, ports of call; etcetera.

(6) Mr. Wood: We have no objection, for whatever it is worth.

(Whereupon, said Daily Shipping Guide was received and marked in evidence, Complainant's Exhibit No. 1.)

A. No, sir, I am not. The first occasion I had was when this present case came about.

Q. Are your fees paid out of New Orleans or New York?

A. To be explicit, they are paid from New York to New Orleans and forwarded to me from New Orleans.

Q. But you rendered services to the HELLENIC HERO when she was in and other Hellenic vessels also? A. I performed the usual procedures of filling all invoices, care of the vessels and/or owners.

Mr. Diamond: No further questions.

### Cross-Examination

By Mr. Wood

Q. Mr. O'Connor, going back to Universal Cargo [Supp. 7] Carriers, Inc., you say you were not aware of them until sometime—you started to say and then stopped—when were you first aware of the existence of Universal Cargo Carriers, Inc.! (7) A. The first awareness of Universal Cargo Carriers was when this case was sent with reference to the HELLENIC HERO on which I referred the matter to you and in which Universal Cargo Carriers was represented. I have no knowledge of them.

- Q. You have signed an affidavit to that effect? A. Yes, sir, I have.
- Q. Are you agents for Universal Cargo Carriers, Inc.?
  A. Not as such; no, sir.
- Q. Have you ever acted for them, to your knowledge, as an agent in transactions or otherwise? A. No, sir. I never have. I have a copy of my appointment from Hellenic Lines as agent and it makes no reference to any other vessels other than Hellenic Lines vessels. It outlines all of the terms and stipulations that we are to perform under.

Mr. Diamond: May I see it?

A. Yes, sir.

Mr. Diamond: Your Honor, I would like to offer in evi-[Supp. 8] dence this document and substitute a copy of it and get the original back to Mr. O'Connor, if I may.

The Court: All right.

(Whereupon, said Appointment as Agent to Hellenic Lines was received and marked in evidence, Complainant's Exhibit No. 2.)

(8) Mr. Wood: I don't believe I have any further questions.

The Court: Anything else?

Mr. Diamond: No, sir.

The Court: Mr. O'Connor, you may step down.

Mr. Diamond: Judge, I want to offer in evidence my original interrogatories to Hellenic and my original interrogatories to Universal, the answers to Hellenic and Universal, and my additional interrogatories to both companies. I also want to offer the answers to the additional interrogatories of both companies.

[Supp. 9] I would like to offer in evidence my motion, the last one I filed, alternative motion, for order requiring

more complete answers to interrogatories and for other relief, with affidavits attached thereto.

Mr. Wood: Now, we object to the offer of the motion in evidence. If he wants to put the affidavit in, all right.

The Court: Well, it is all in anyway.

Mr. Wood: It is in the file.

The Court: I don't think it has to be offered. I think it is already in.

Mr. Diamond: Well, I would also like to offer in evidence the deposition of P. T. Callinopolous, which was taken in proceedings in the United States District Court of the (9) Eastern District of Virginia, Newport News Division, in Admiralty 724, Admiralty 739, 740, 742 and Admiralty 756.

The Court: That was not taken in this case?

Mr. Diamond: No, sir. I am offering it by way of impeachment. I have the interrogatories in evidence. Mr. [Supp. 10] Callinopolous, or whatever his name is, has refused to answer the interrogatories, certain phases of them, and in this there is evidence of the true ownership of the various companies and evidence reflecting its operation, and I think it would be pertinent to this proceeding.

Mr. Wood: Now, if it please the Court, we are in a different position in objecting to these. I don't care if the facts in here go in, but I think I should make an objection to the introduction of this deposition in that it was expressly taken for use in these cases only.

As the witness says, if you don't mind, and I will read his statement from the deposition, "For the purposes of these cases only—this is the fact that he wanted it restricted to—"It is admitted that the beneficial interest is better than 95 percent of the stock of Hellenic Lines, Ltd., Trans-Pacific Carriers Corporation and Universal Cargo

Carriers is owned by me and my family: I am a citizen of Greece and now live in the United States."

We think there is just something objectionable by (10) offering a deposition taken for specific cases and otherwise think they are not admissible in evidence in this case, even aside from the fact that—

Mr. Diamond: I would like for the Court to reserve its [Supp. 11] ruling on that until the answers of the interrogatories he has filed comes in.

The Court: All right. I will reserve my ruling.

Mr. Diamond: That's all.

Mr. Wood: I believe that's all the evidence, your Honor.

The Court: All right. I will rule on this matter as soon as possible.

Court will stand adjourned.

(Number and title omitted)

After consideration by the Court, it is

Ordered and Adjudged that the Plea to Jurisdiction of the subject matter, filed on September 13, 1965 by respondent Hellenic Lines, Ltd and submitted after argument on July 15, 1966 is Denied.

## [81] MOTION TO RECONSIDER AND MOTION TO DISMISS

(Number and title omitted) (Filed: Aug. 16, 1966)

Comes the respondent, Hellenic Lines Limited, and moves this Honorable Court to reconsider its ruling of August 2, 1966, in which the motion of this respondent to dismiss the libel on lack of jurisdiction of the subject matter was denied, and as a further and separate motion, moves the Court to dismiss this cause in the exercise of its discretionary power because of the difficulty and impracticability of trying the matter in this district; and as grounds therefor sets forth the following:

Not only is this a libel filed by a Greek citizen against a Greek shipowner for an injury on a Greek flag vessel, libelant having signed on in Greece, with Greek Articles and with express agreement that all claims arising between libelant and respondent be decided by Greek law; but

In addition, libelant is a resident of Greece and is either presently residing in Greece or sailing from Greek ports; all the witnesses on behalf of both parties, except for the initial treating physician, are Greek citizens residing in Greece or sailing from Greek ports; and all medical attention given to the libelant except initial treatment was accomplished in Greece and witnesses as to the nature of his recovery and present condition are in Greece.

[82] There are no parties or witnesses in this district and in order to try the matter here, all testimony would have to be taken by deposition or witnesses brought to this district at great expense.

Respondent further shows that it is subject to process in Greece where all the parties and witnesses reside.

The premises considered, respondent prays that this Honorable Court will grant it a hearing on this motion for

reconsideration, and on its motion for a dismissal under the discretionary powers of the Court. Respondent further prays that upon hearing, that this Honorable Court will dismiss this libel either for lack of jurisdiction over the subject matter; or will decline to entertain the cause for reasons of difficulty and impracticability of trying it in this district.

# ANSWER TO LIBEL AS AMENDED

(Number and title omitted)

(Filed: April 27, 1967)

Comes the respondent Hellenic Lines Limited and the claimant Universal Cargo Carriers, Inc., and for answer to the libel heretofore filed in this cause, as amended, avers on information and belief as follows:

1

It is admitted that Hellenic Lines Limited is a Greek corporation and Universal Cargo Carriers, Inc., is a Panamanian corporation. It is denied that Universal Cargo Carriers has ever done any business, or is now doing business, in the City of Mobile, State of Alabama.

П

It is admitted that Universal Cargo Carriers, Inc. is the owner of the SS HELLENIC HERO and that Hellenic Lines Limited operates said vessel, exercises full control thereof, and, among other things, was the employer [85] of the seamen serving abroad the SS HELLENIC HERO on the dates pertinent to this action.

Ш

It is admitted that at the time of the filing of the libel the vessel was in the Port of Mobile. It is denied that said vessel was engaged exclusively in foreign commerce between the ports of the United States and foreign ports but says instead that said vessel traded between ports all over the world.

IV

The allegations of Article Four of the libel are denied.

#### V

The allegations of Article Five are denied.

#### VI

It is admitted that on or about the 3rd day of August, 1965 libelant was a member of the crew of said vessel, at monthly wages of 40 British pounds per month plus overtime and found.

#### VII

Except as to the allegation that libelant was injured on or about the 3rd day of August, 1965, in the Port of New Orleans, La., the allegations of Article Seven are denied.

### [86] VIII

The allegations of Article Eight of the libel are denied.

#### IX

The allegations of Article Nine of the libel are denied.

#### X

Except as admitted herein, all the allegations of the libel are denied. Respondent and claimant expressly deny the admiralty and maritime jurisdiction of the United States and of this Honorable Court.

As a Further and Separate Complete Defense, Respondent and Claimant Aver as, Follows:

#### XI

The averments of Articles I-X of this answer are repeated and re-averred as fully as if restated here.

#### XII

The SS HELLENIC HERO is a Greek flag vessel, operated by Hellenic Lines Limited, a corporation organized

and existing under and by virtue of the laws of Greece. Said corporation has existed as a Greek corporation since 1934 and none of the stockholders, officers or directors are citizens of the United States. Libelant is a citizen of Greece and was engaged for service abroad the HELLENIC HERO in Greece under and pursuant to the Greek [87] Collective Agreement. Under the terms of the contract of employment it was expressly agreed between libelant and Hellenic Lines Limited that Greek law should govern. The libelant was a resident of Greece at the time he signed aboard said vessel and returned to Greece following the injury with which this suit is concerned.

#### XIII

The libel does not plead nor seek application of the provisions of Greek law and American law is not applicable to this cause.

For a Further and Separate Defense, Respondent and Claimant Further Aver:

### XIV

The averments of Paragraphs I-XIII are repeated and re-averred as fully as if re-stated here.

#### XV

All of the members of the crew of the HELLENIC HERO at the time of the alleged injury to libelant were citizens and residents of Greece. After the initial treatment of libelant's injuries in the Port of New Orleans, all further medical treatment was carried on in Greece. No witnesses, either to the occurrence of the injury or to the treatment and present condition of the libelant are within this district and only the initial treating physicians are in the United States.

[88] Respondent is present in Greece and is amenable to service there. Respondent stands ready to accord to libel-

ant all benefits to which he is entitled under the laws of Greece.

The premises considered, this cause should be heard in the Courts of Greece, where both libelant and respondent are domiciled.

The premises considered, respondent and claimant pray that, after hearing, the libel herein be dismissed.

[108] MR. GERALD HENNESEY,

the witness, being first duly sworn to tell the truth, the whole truth and nothing but the truth, took the stand and testified as follows:

### Direct Examination

# By Mr. Wood

- Q. Would you state your name, please, sir? A. Gerald Hennesey.
- Q. Where do you live? A. Lake Shawnee, R. D. 3, Warton, New Jersey.
- Q. By whom are you employed? A. Hellenic Lines, Limited, in New York City.
- Q. In what capacity? A. I am the manager of the [109] Insurance and Claims Department of the New York office.
- Q. How long have you been employed by the Hellenic Lines Limited? A. Approximately six years.
- (19) Q. During that time Mr. Hennesey, have you become familiar with the corporate organization and activities of Hellenic Lines Limited? A. Yes, sir, I have.
- Q. Is that true also of the subsidiary companies? A. Yes.

- Q. Now, directing your attention to the company known as Universal Cargo Carriers, Inc., are you familiar with that corporation? A. Yes, sir.
  - Q. What is its corporate structure, please, sir

The Court: Let me interrupt. Now, from your previous statement, Mr. Wood, it is my understanding that Mr. Hennesey is a graduate lawyer though not practicing.

A. That is correct.

The Court: All right. Go ahead.

Mr. Wood: All right. What is the structure of that company?

[110] A. Universal Cargo Carriers, Inc., is a corporation organized—

Mr. Diamond: Mr. Hennesey, excuse me a minute. I would like to restate or ask the Court for a continuing objection as to any matters pertaining to the question of jurisdiction.

The Court: All right. You have a continuing (20) objection. Go ahead.

A. It was organized in about 1956 in Panama.

The Court: '56?

A. Yes, sir.

The Court: All right.

A. And is solely a holding corporation. The stock of which is one hundred per cent owned by Hellenic Lines Limited.

Q. What type of stock is that? A. Bearer stock.

Q. What is its relation to HELLENIC HERO! A. It is the registered owner of the vessel.

Q. Does it operate this vessel? A. No, sir. The opera-[111] tion of the HELLENIC HERO is under the control exclusively of Hellenic Lines Limited. Mr. Diamond: I would like—for Mr. Wood—I don't know as to the time element that he is speaking of. I think the pertinent time period would be the date of the injury, August 3, 1965, as to the questions of operation and other matters which you may ask him about.

Mr. Wood: Mr. Hennesey, are the answers you have made true with respect to the date of the injury of the Libelant in this case?

A. Yes, sir, not only in 1965 but as of today.

Q. Today also! A. Yes, sir.

(21) Mr. Wood: I would like to have this marked for identification, please.

(Whereupon, said contract between Universal and Hellenic was received and marked for identification, "Respondents' Exhibit No. 5".)

Mr. Wood: I show you Respondents' Exhibit 5, for identification, and ask you to state to the Court what that [112] is, please, sir?

A. This is a contract between Universal Cargo Carriers, Inc., and Hellenic Lines, Limited, under which Hellenic Lines undertakes to operate the vessels that are registered in the name of Universal Cargo Carriers.

Q. Does that include the HELLENIC, HERO! A. The HELLENIC HERO.

Mr. Wood: We would like to offer this in evidence.

(Whereupon, said contract between Universal and Hellenic was received and marked in evidence, "Respondents' Exhibit No. 5".)

Mr. Wood: Now, Mr. Hennesey, who employs the crews for the vessels that Hellenic Lines operates?

A. We have some thirty-six vessels under our control and all of these crews are furnished by the home office in Piraeus, Greece.

- Q. Who is the employer of the seamen on these vessels? A. Hellenic Lines Limited.
- (22) Q. Now, what other companies, please, besides Universal Cargo Carriers, Inc., are affiliated with or [113] wholly owned by Hellenic Lines? A. We have another Panamanian corporation, Trans-Pacific Carriers, Inc. We have a subsidiary in London, Finton Steamship Corporation. We have a subsidiary in Germany, Deutche Hellenische. We have another corporation in Turkey. I can't even spell that one. We have one in Hamburg. We have five of them, right.
- Q. To shorten the time, Mr. Hennesey, did you bring with you a list of the vessels which, on the date of this injury and as of today, are owned by Hellenic Lines and the various affiliated companies? A. Yes, sir. These are the thirty-six vessels which Hellenic Lines are now operating solely owned by it or its subsidiaries.
- Q. Let me ask you, sir, if there has been any change since August of 1965? A. Yes, since August of '65—

Mr. Wood: Wait, let me identify this before you answer that.

(Whereupon, said list of ships owned by Hellenic Lines was received and marked in evidence, "Respondents', Exhibit No. 6".)

[114] Mr. Wood: All right. Referring then to Respondents' (23) Exhibit 6, please, would you state what changes, if any, have occurred since August of 1965 with regard. to ownership.

A. Hellenic Lines, Limited, has taken on the LON-DINON, which is operated in the U. K. Lavant Service. It has also taken on the ITALIA, which is presently on its maiden voyage, we hope, to Europe.

Trans-Pacific Cargo Carriers, Inc., which is the Livorno and Universal Cargo Carriers, Inc., has taken on the

HELLENIC HALCYON, the HELLENIC DOLPHIN, the HELLENIC SUNBEAM and the HELLENIC CHARM.

Mr. Wood: We would like then to offer this in evidence. Now, Mr. Hennesy, if I may talk a minute about Hellenic Lines, Limited, itself, when and where was Hellenic Lines, Limited, formed?

- A. This corporation was organized and is existing under the laws of the Kingdom of Greece since 1934.
- Q. Who was the moving spirit behind the formation of this corporation at its beginning? A. Mr. Pericles Callimanopoulos.
- Q. And is this gentleman still active in the affairs of [115] this corporation? A. Very much so.
- Q. What type of stock does Hellenic Lines have?

  A. It is bearer stock.
- (24) Q. Do you know, as of now, the ownership of this stock? A. Mr. Callimanopoulos owns about ninety-nine per cent of the company.
- Q. So far as you know, Mr. Hennesey, is any of the other, the minority of one per cent, owned by any citizen of the United States? A. No, sir.
- Q. What is the citizenship of Mr. Callimanopoulos?

  A. He is a Greek citizen.
- Q. Do you know the citizenship of the owners and directors of Hellenic Lines, Limited? A. Yes, sir. They are all citizens of Greece.
- Q. Do you know the residence of the officers and directors—now, exclusive of Mr. Callimanopoulos—of Hellenic Lines, Limited? A. Yes. The majority of them are residents and citizens of Greece and one or two may be residents of England, but are also directors of Hellenic Lines, Limited.
- Q. Where does Mr. Callimanopoulos reside? A. In Greenwich, Connecticut.

[116] Q. Do you know when he became a resident of the United States? A. He came to the United States first in about 1945 as a treaty trader. He remained in the United States except for various absences as a treaty trader until about 1952 when (25) I believe, he became a resident alien. In approximately 1963 his status was changed from that of a resident alien to a plain alien who is here under a diplomatic passport representing the government of Greece as its delegate to the United Nations and acting on behalf of the Greek Ministry of Mercantile Marine, which is equivalent to our Department of Maritime Administration.

Q. Now, where does Hellenic Lines maintain offices, Mr. Hennesey? A. Well, we have our home office in Piraeus, Greece. We have an office in New York, an office in New Orleans, in the United States, and we have offices and/or agents throughout the world.

Q. Now, what, please, if you will outline to the Court, is the nature of the activities carried on by your office in Piraeus and your office in New York and your office in New Orleans and elsewhere? A. Well, of course, the corporation is engaged in the transportation business. [117] Our offices and our agencies are always soliciting cargo. In the United States there is a heavier movement of cargo to and from than elsewhere so that our offices in New Orleans and New York are always seeking cargoes either to and from the United States or elsewhere. The same thing applies to the office in Piraeus. They are in contact with the agencies throughout the world then of (26) movements to cargo from Greece either to the United States or elsewhere. When they hear of a large parcel of cargo being moved they let us know or the agent and then we solicit that business very actively.

Q. How about collection of freights, for example? A. Well, the collection of freights in many cases depends upon the country to which the cargo is going. As you

are aware, in some instances we are dealing with blocked currency.

The Court: With what?

A. Blocked currency, which is not freely transferrable. For instance, cargoes going to Egypt, the government will not allow receivers to pay in U. S. dollars and you may have to collect your freight in Egyptian. That isn't too bad, because in Egypt you always have canal toll dues which is paid from these blocked funds. The same -it is the same way in Pakistan and other places, but [118] you can take our freight in ship repairs and such as that to handle repairs to the vessel, et cetera. Naturally, we like to get our freights paid in U. S. dollars where we can. I would like to say even with the movement of aid cargo, which is sponsored by the government, in many instances we are able to obtain this cargo because we can take a blocked currency such as Egyptian pounds and have a portion of it paid in Egypt and also a portion payable by the U. S. Government in drackmae.

- Q. Now, do you have any agencies by any other names in (27) and around the world, Mr. Hennesey, or representatives? A. By any other names. Well, they would be operating under their own names.
- Q. Who would be these people that represent you elsewhere? A. Well, for instance, in Texas we have LeBlanc-Parr. Other places we have Furniss-Whitney.
- Q. Are these regular steamship agencies? A. Yes. We have representatives in Calcutta, in Bombay. In Bombay we have Shore-Wallace, who operate in Bombay, and in Madres. These are regular steamship agents who have subsidiary offices throughout the country in which they are operating.
- Q. Would you compare for the Court the number of [119] employees at your various offices?

Mr. Diamond: I am going to object. It is not specific as to the place or time.

Mr. Wood: All right. As of the time of this accident.

A. I would say we have about fifteen employees in the New Orleans office.

Q. Are you speaking of August, 1965? A. Correct. We have approximately seventy in the New York office—seventy or seventy-five, and we have about sixty to seventy in Piraeus. We also have an employee that is statione in Genoa. We have another employee that operates between Beirut, Lebanon, and Basrah, and flies back to Beirut. (28) We have another man stationed permanently in Calcutta and these men, of course, are on the Piraeus payroll.

Q. Mr. Hennesey, of what ports of the world do Hellenic Lines' vessels call? A. Well, we are operating right now in what we call six trade routes. We have one trade route which we call the New York Met Service. It operates from New York down as far as Savannah and comes back to New York and then goes out through the various ports in the Mediterranean and first stop [120] coming back through Italy, Portugal and New York and around again.

Then we have a second route going from U. S. Gulf ports to the North Atlantic and to the Red Sea. They would generally terminate at or around to Basrah and go on to Bombay and pick up a cargo and back to the United States.

The third trade route would be the one going as far as India and Pakistan, east and west, and also Burma. Then we have a service which we call the U. K. North Levant Service which operates by the Piraeus office from continental ports to ports in the Black Sea.

The next trade route is the South Levant Service and that is the other side of the Mediterranean, and the third

trade route operated by Piraeus is from the Adriatic and Black Seas to ports in East and South Africa.

The last three routes I mentioned, I think, there are (29) fourteen vessels assigned to those services and none of those ships come to the United States whatsoever.

- Q. Now, did you have any of these lines in August of 1965? A. Yes. We had all except the last one. The African service is something we started within the past six months.
- Q. Did you, at that time, own vessels that never [121] called at the United States? A. Yes, sir.

Mr. Wood: Please mark these two sheets for identification.

(Whereupon, said Position Lists were received and marked for identification, "Respondents' Exhibits No. 7 and No. 8".)

Mr. Wood: I will show you Respondents' Exhibits, for identification numbers 7 and 8, and ask you what those are, please, sir?

A. Number 7 is a weekly position list put out by the home office in Piraeus, Greece, and covers the movements and itinerary of all vessels in the fleet on the six trade routes.

Number 8 is a position list put out by the New York Office on a weekly basis and represents the position of the various vessels and their itineraries in the Trans-Atlantic services.

Q. Are these prepared in the regular course of business? A. Yes, sir.

[122] (30) Mr. Wood: I would like to offer these in evidence for whatever information they may have for the Court.

Mr. Diamond: I would take it, Your Honor, that all of his testimony is on the question of jurisdiction and that my objections would still be good.

The Court: That is correct.

(Whereupon, said Position Lists were received and marked in evidence, "Respondents' Exhibits No. 7 and No. 8".)

Mr. Wood: Now, Mr. Hennesey, I draw to your attention, looking at Respondents' Exhibits 7 and 8—I should say Respondents' Exhibits 7. There are some by American estimates, odd names of the masters. Can you tell me the nationality of all of the masters?

- A. All of our crews are one hundred per cent Greek.
- Q. Does that include the masters and officers? A. Yes, sir. I might point out on that Position List the master of the HELLENIC HERO, at the time of this accident, was John Delagrammatakais. He is now in command of the TURKIA, which is now in the Mediterranean Serv-[123] ice. The former chief officer on the date of the accident was Mr. Boletis, and he is now in command of the HELLENIC LEADER, I believe, which is presently proceeding from Savannah to New York by way of Charleston.
- Q. Now, you say all seamen, officers and masters are (31) Greek? A. Yes.
- Q. At what ports do these crew members sigh on?

  A. The customary port is Piraeus, Greece. The vessels in the Indian service may not have cargo and they stop off at the island of Crete. The port there is Hericalioan and the changes in crews, if any, are made there.
- Q. Does the Greek government have anything to do with the crews of the vessels or officers? A. The government sets the standards for the officers and masters of the vessels. Our men must comply with the standards set down by the Greek government and are duly licensed by them. Also, the unions negotiate with the government in Greece in respect to the hours and conditions and terms of employment, and when the collective agreement

is ratified by the Greek ship owners and the Greek government, that becomes the scale for all vessels fiying the flag of Greece.

[124] Q. What is the collective agreement? A. This is the terms and conditions of employment for all men except captains on the vessels under Greek flags.

Q. Who is the agreement between? A. It is between the Greek shipowners and the union of Greek seamen.

Q. Now, the Libelant in this case, Rhoditis, where did he (32) sign on? A. He signed on at Hericalioan, Crete.

Mr. Wood: Mark this as the next exhibit, please.

(Whereupon, said contract of employment of Mr. Rhoditis was received and marked for identification, "Respondents' Exhibit No. 9".)

Mr. Wood; Is this correct that this is the copy of the employment contract of Rhoditis on the voyage for which he was injured or on which he was injured?

A. Yes, sir.

Q. Is that an accurate translation of it attached to it?
A. Yes, sir.

[125] Q. As a matter of fact, that was furnished me by you, was it not? A. Yes, sir, and I obtained it from the vessel.

Mr. Wood: I would like then to offer in evidence this employment contract.

The Court: All right. Under the same conditions.

(Whereupon, said employment contract was received and marked in evidence, "Respondents' Exhibit No. 9".)

Mr. Wood: Now, Mr. Hennesey, would you read, please, paragraph three at the bottom of that page?

A. It is entitled "Applicable Law and Jurisdiction".

This contract shall be governed solely and exclusively (33) by the laws of Greece and the Greek collective agreements.

It is further agreed that any claim or dispute, whether arising out of this engagement or contract or howsoever founded directly or indirectly on this contract or founded directly or indirectly on any work done or service rendered on board by the seaman, shall be adjudged or adjudicated solely and exclusively by the courts of Greece. [126] Q. Thank you, sir.

Was that a standard type of employment contract such as the other seamen signed on Hellenic Lines vessels, at this time? A. This is the uniform contract.

- Q. Now, the HELLENIC HERO, under the laws of what country is she registered and documented? A. Well, the vessel is owned by Universal Cargoes, Inc., of Panama. However, she is registered at Piraeus, and flies the flag of Greece and registered to do business in Piraeus.
- Q. On what date was she employed? A. I believe she was in the Indian service.
- Q. Between what ports generally would that be? A. That would be from the U. S. Gulf via North Atlantic to India and Pakistan and return.
- Q. Now, Mr. Hennesey, at the time he signed on the HELLENIC HERO, what was the citizenship of Rhoditis, the Libelant? (34) A. He was a citizen of Greece.
- Q. Do you know where his residence was, at that time?

  A. Yes, sir. To refresh my recollection—
- Q. Just give me the country, if you know the country. [127] A. He was a resident of Greece.
- Q. All right. Now, after Rhoditis was hurt in New Orleans, where was he treated, Mr. Hennesey? A. In New Orleans.
- Q. Do you recall about what period of time this covered?
  A. I believe that he was admitted to the hospital on Au-

gust 3 and he was released around August 14th, and we patriated through the efforts of our office in New Orleans to London and then to Greece.

- Q. He was then returned to Greece? A. Yes, sir.
- Q. By when were his expenses, his medical expenses in New Orleans, paid, please, sir? A. Hellenic Lines, Limited.
- Q. By whom was his repatriation paid? A. Hellenic Lines, Limited.
- Q. Do you know whether or not any treatment was afforded to Rhoditis on his return to Greece? A. Yes, sir. I believe he was examined by the doctors there.
- Q. Who paid for his treatment in Greece? (35) A. Hellenic Lines, Limited.
- Q. Do you know, Mr. Hennesey, whether any other sums have been paid to Rhoditis other than these medical [128] expenses and the transportation? A. I believe he received four thousand—

Mr. Diamond: I object to what he believes he received.

A. He did receive four thousand eight hundred drachmaes from our office in Piraeus.

The Court: Converted what?

A. The drachmaes, to be converted, would be about a hundred and sixty dollars.

Q. What was his menthly wage? A. Forty pounds or a hundred and twelve dollars a month.

The Court: May I ask this, the hundred and sixty dollars that he received after he was back in Greece, what was that for, please?

A. I believe that represented illness wages.

The Court: Is that what we commonly refer to as cure?

A. No, sir.

The Court: Maintenance?

A. No, sir. When a man is injured in the United States and does not require hospitalization, I put him up [129] at a hotel and I also give the man a sum of money for his meals while he remains an out patient.

(36) Now, in addition to that, by the law of Greece, he is entitled to illness wages and the amount of the wages depends upon whether he is hospitalized or not. If he is hospitalized they are about fifty per cent of his normal salary. If he is not hospitalized they represent about seventy per cent of his normal salary so that these are almost in the nature of compensation payments.

The Court: All right. Go ahead.

Mr. Wood: Without then being specific, Mr. Hennesey, in the case of Greek seamen injured under the laws of Greece, what would you say was the nature of the remedy that that seaman has?

A. They may apply to the court of-

Mr. Diamond: Excuse me, Mr. Hennesey. Would you restate your question, Mr. Wood?

Mr. Wood: Let me rephrase it.

Mr. Diamond: Are you qualifying him as an expert on Greek law?

[130] Mr. Wood: No. Mr. Hennesey is engaged in settling claims under Greek law. That is a part of his job. We think he has knowledge generally, but not specifically of the law.

What I would like to know is whether it is compensation law or what classification under Greek law could you do that, Mr. Hennesey?

Mr. Diamond: I object to that.

(37) The Court: I am interested in knowing. Go ahead.

A. Yes, sir. When a man is injured, he may apply to the Piraeus Court of First Instance in Piraeus, Greece, who then appoint a body of three doctors which examine the man and make findings in respects to his disability and its permanency. Then the court hears testimony in respect to the manner in which the injury occurred. If it is an ordinary shipboard accident, an award is made to the man without regard to fault.

The Court: Now, wait. If it is a shipboard accident an award is made to him without regard to fault?

A. Right.

[131] The Court: All right. Go ahead.

A. However, if in the course of its investigation, any serious accident is investigated by the Greek Harbor Master closest to the scene where the accident has occurred, and that applies whether the accident is in New Orleans, New York, Bombay, Rangoon, Karachi, any place in the world the Greek Harbor Master closest to the scene of a serious casualty, if it is not done there, then it is done by the Greek authorities in Piraeus when the captain returns. This investigation is a very thorough and painstaking one and if they find that the captain or the vessel failed in some statutory duty owed to the man, then at this Piraeus court of the First Instance, they may make him an award of (38) indemnity aside from the rights of compensation.

The Court: Would that be in the nature of punitive damages?

A. Yes, sir.

The Court: All right. Take about a five minute recess.

(Whereupon, a short recess was taken, after which the following occurred:)

[132] The Court: Proceed, please.

Mr. Wood: Mr. Hennesey, how many Greek seamen are employed by Hellenic Lines, Limited?

A. Approximately eleven hundred.

Mr. Wood: That is it?

The Court: That is the entire operation?

A. Yes, sir, all thirty-six vessels.

The Court: How many did you say, eleven hundred?

A. Yes, sir.

Mr. Wood: Are you familiar with the procedure in Greece for the handling of claims for seamen injured aboard the vessel?

A. Yes, sir.

Q. Would you state for the Court what that procedure is. A. When a man returns to Greece, the office in Piraeus sees to if he gets the required medical treatment and the benefits which he is entitled to under the laws of Greece.

[133] (39) The Court: That is in the nature of longshoremen hospital compensation under the Greek law?

A. Yes, sir. He need proceed no further than that. If he is dissatisfied then he can take it to the court, but he gets it automatically.

The Court: Now, Mr. Hennesey, is he limited to the compensation act or the equivalent of it?

A. Unless the court finds willful disobedience of the statutory duty.

The Court: Then the punitive statute comes in?

A. Yes, sir.

The Court: Go ahead.

Mr. Wood: Now, do you have any claims pending in the United States from the Greek seamen?

A. In suit?

Q. Yes, sir. A. Yes, we do. I have one pending in Houston. I have one pending in New York involving four crew members.

[134] The Court: Were those in state courts or federal?

A. Federal.

The Court: Which judges, according to your contention, have made that mistake!

A. Well, of course, the court in which the suit was filed was at the option of the libelant.

The Court: That's right.

(40) A. I have five pending in Norfolk and that is the extent of our litigation in the United States. I have none pending in any other jurisdiction other than Greece.

Mr. Wood: All of these are under attack from the jurisdictional standpoint, are they not?

A. Yes, sir.

The Courty May I ask this, since you have been claims manager, how many have proceeded to trial in the United States Courts, either federal or state, in which you have raised this jurisdictional defense, proceeded to disposition?

A. Only one, Your Honor, and the court held that [135] American law did not apply. That was affirmed by the Second Circuit.

The Court: That was a New York case?

A. And certiorari was denied by the Supreme Court.

The Court: You only had one to proceed to conclusion?

A. That's right.

Mr. Wood: That is the one that was dismissed or one prior to that?

A. One was filled within the last five months and the status of that is that we are on a motion for summary

judgment which we expect to have heard within the next fortnight.

The Court: How far has the case in Houston proceeded? Now, you understand I realize you have a hundred claims and you can't keep them all in your head.

(41) A. The case in Houston is still actually in the claims stage. By that, I mean, we are negotiating with the attorney.

The Court: Is it in court?

A. It is in court and papers have been filed, but [136] it is in abeyance.

Mr. Wood: How about the ones in Norfolk?

A. Judge Hoffman in Norfolk has been reserving decision on the jurisdictional question for the past four years.

The Court. He is further behind than I am.

Mr. Wood: Now, Mr. Hennesey, is Hellenic Lines present in Greece and subject to the courts there?

A. Oh, yes. We are governed by the laws of Greece both as a shipping company and we pay our taxes and all of our employees are there and that is our home office. That is it, so far as we are concerned.

Q. Now, with regard to this case here, do you stand ready to respond by a claim by Rhoditis in Greece? A. All he has to do is go into the office in Greece and we will settle on whatever he is entitled to.

Q. Now, just the other brief series of questions, Mr. Hennesey. We have spoken of many things that have gone on in Piraeus. What other business activities do you carry on in Greece! I am speaking of Hellenic Lines, of course, besides what we have been talking about. A. Well, as a shipping company we are interested, [137] of (42) course, in obtaining crew members for our yessels. We obtain stores for our ships. We carry out repairs there.

The four vessels that we recently acquired from the Chilean line were reconditions in Piraeus. We have one vessel, the HELLAS, that will undergo extensive repairs in Piraeus. It is our home port. When you bring your car into the garage at home you have many things to do with it.

- Q. Where are stockholder and directors' meetings held?

  A. All in Piraeus.
- Q. Where are masters' accounts? A. They are all taken care of by the Piraeus office.
- Q. Are you required to prepare official journals there in Greece? A. By the laws of Greece, yes.

Mr. Wood: I believe that's all I have. Your witness.

The Court: Mr. Diamond, your cross-examination will be not that lengthy, but of some length?

Mr. Diamond: It is not going to be short.

The Court: Well, let's take a recess for a few minutes here.

[138] (Whereupon, a recess was taken, after which the following occurred:)

The Court: All right. Proceed, Mr. Diamond.

## (43) Cross-Examination

By Mr. Diamond

- Q. By whom are you employed? A. Hellenic Lines, Limited.
- Q. How long have you been employed there? A. Approximately six years.
- Q. In what capacity? A. Manager of the insurance and claims department of the New York office.
- Q. You are not a stockholder of Hellenic Lines or of Universal Cargo Carriers? A. No, sir.

- Q. You are not an officer of either corporation? A. No, sir.
  - Q. Nor a director of either corporation? A. No, sir.
- Q. As to Universal Cargo Carriers, who is the owner of that corporation? A. Hellenic Lines, Limited.
- Q. Who is the owner of Hellenic Lines? [139] A. The majority stockholder is Mr. Callimanopoulos.
- Q. How much of it does he own? A. I would say ninety-nine per cent.
- Q. Mr. Callimanopoulos runs the corporation, does he not? A. He is the managing director of the corporation.
- (44) Q. Does that mean that he runs the corporation? A. Well, insofar as any corporation is run by the chief executive officer, yes.
- Q. Where does Mr. Callimanopoulos live? A. He resides in Greenwich, Connecticut.
- Q. And he has resided in New York since 1945? A. No, sir.

The Court: You mean in Connecticut.

Mr. Diamond: Yes, in Connecticut.

A. In the United States since 1945.

Q. And he maintains offices in New York since that time? A. No. I don't believe that we had an office in New York in 1945. At that time, we were operating through an agency. I think that we opened our own office about 1950.

[140] Q. Where is the offices located? A. 39 Broadway.

- Q. Mr. Callimanopoulos has raised his family in the United States, hasn't he? A. No, sir.
- Q. Does he have a family? A. He has a family, a daughter—two daughters and a son, and I couldn't say whether they were raised here or not. I don't believe they were.

Q. Because of their age? A. Because of their age?

(45) Q. Yes. A. No, because I am under the impression that the son may have been raised or schooled in England and the daughters in Greece.

Q. He, Mr. Callimanopoulos, has lived in the United States since 1945? A. I believe so.

The Court: What are the ages of those children, approximately?

A. I understand that Gregory, the son, is less than thirty years of age, and the daughters are certainly in excess. One daughter is married to the Greek consul who is in Germany now. I believe the other daughter is a resident in New York City, none of whom are citizens of the United States.

[141] Q. Where does the son live? A. He lives in New York City. The son is not employed by Hellenic Lines, Limited.

Q. How about August of 1965, was he employed by them, at that time? A. No, sir.

Q. What employment does he have? A. He operates and owns four or five vessels and has about five other ships under charter.

Q. Running them from New York? A. No, sir. His is a tramping operation and is world-wide.

(46) Q. He lives in New York? A. He lives in the city of New York.

Q. He is not a citizen of this country either? A. He is not a United States citizen.

Q. All right. This Respondents' Exhibit 5, this agency agreement between Universal Cargo Carriers, Inc., and Hellenic Lines, Mr. Hennesey, would you look at that just a minute, please? A. Yes.

Q. This is an agency agreement, is it not? A. Well, I think you would have to define an agency agreement.

[142] Q. Hellenic Lines agrees to act as agent for Universal, do they not? A. Yes, sir.

Q. Hellenic Lines agrees to do everything in the operation of the ship for Universal as agents, do they not? A. Yes.

Q. The compensation payable to Hellenic Lines is a commission, is it not? A. On freights to Greece.

Q. The profits of the operation of the ship goes to Universal, does it not? A. Yes, sir.

Q: It is strictly just an agency agreement, isn't it? (47) A. Yes, sir.

Q. When the employees of the vessel S. S. HERO, in fact, would be employees of Universal? A. No, sir.

Q. Why not, sir? A. Because they sign an agreement in which Hellenic Lines, Limited, is named as their employer.

Q. Aren't you acting as agent for them? A. No, sir, only in respect to freights to Greece.

Q. Then you are acting in derogation of this agreement, are you not? [143] A. No, sir. This pertains to freights to Greece.

Q. It doesn't pertain to operations of the ship? A. With respect to freights to Greece.

Q. Well, do you have any other agreement between the Hellenic Lines and Universal Cargo Carriers concerning the operation of the ship involved in this case, the S. S. HELLENIC HERO! A. No, sir. If I may call your attention to clause three of the agreement, Universal shall pay to Hellenic as consideration for acting as said agents for the said vessels one and one-quarter per cent on that portion of the gross freights or other charges after deducting commissions and/or brokerage payable to third parties under bills of lading, affreightment contracts or other contracts for the carriage of (48) cargo and/or

passengers to and from Greece. Usual agency fees on cargoes in bulk or moving under charter parties or booking notes as full cargoes or parcels for Greece.

Q. Then. A. So, this agency is an agreement with respect to freights to Greece.

Q. If you would, Mr. Hennesey—Judge, I don't want to be unduly long. I would like for you to read the agency agreement, if you would, beginning at the start.

[144] The Court: You want it read into the record?

Mr. Wood: If it please the Court, it is already in the record if the Court wants to hear it. I don't know what Mr. Diamond has in mind, but go ahead and read it.

A. "This agreement made as of January 1, 1960, by and between Universal Cargo Carriers, Inc., a corporation duly organized and existing under and pursuant to the laws of the Republic of Panama, with its offices at Avenida Central 8-40, Panama, R. P., hereinafter referred to as Universal, and Hellenic Lines, Limited, a corporation organized and existing under and by virtue of the laws of the Kingdom of Greece, with its office at Piraeus, Greece, hereinafter referred to as Hellenic.

Mr. Diamond: Let me interrupt, Mr. Hennesey. The HELLENIC HERO, to your knowledge, has it ever been in operation to Greece?

(49). A. In operation to Greece?

Q. Yes, to your knowledge. A. Well, now, what do you mean by that?

Q. Just what it says. A. The vessel has called regularly at ports in Greece either for the purpose of taking on a crew or [145] discharging or loading cargo.

Q. What trade is the vessel in, at the present time? A. She is in the Indian service.

Q. Where does that trade originate? A. It originates probably in Calcutta and proceeds—

- Q. Is she not in the U. S. Gulf trade, at the present time? A. Well, yes. Where the voyage originated—I would say it originated in Calcutta, because we carry more cargo out of Calcutta to Savannah than we carry into—
- Q. She is listed on this bulletin, Exhibit 7, U. S. North Atlantic ports, India, Pakistan, is that correct? A. That's right.
  - Q. And that is the trade she is in? A. Right,
- Q. At the time Mr. Rhoditis was injured, what trade was she in? A. I think she was in the same service.
- Q. How long has she been engaged in that service? (50) A. I couldn't say offhand without looking at the records.
- [146] Q. Has she been engaged in that service ever since she has been employed by Hellenic Lines? A. I would say she was either in that service or the Red Sea service.
- Q. Has she been in any service regularly calling at Piraeus? A. Well, I would have to say that all vessels may call at Piraeus when cargo warrants.

The Court: Well, has she actually put into Piraeus fairly recently?

A. I would have to look at the records, Your Honor.

The Court: Well, would you be able to tell from the records you have here?

A. No, sir. I would have to look at her record.

The Court: Well, to your knowledge, when was the last time she was in Piraeus?

A. I would say that she was either in Piraeus or Hericalioan, Crete, within the last three to four weeks.

The Court: All right. Go ahead, Mr. Diamond.

Mr. Diamond: This bulletin you had identified and admitted [147] in evidence shows that the vessel was due to arrive on May 4th. A. Yes, sir.

- Q. Then calling on Charleston, New York, Philadelphia, (51) Baltimore, New York, Hampton Roads, Baltimore and New York, is that correct? A. I think you have read the itinerary.
- Q. And she is on this regular scheduled run, is that correct? A. That's right.
- Q. And Mr. Hennesey, are you one and the same Gerald Hennesey that answered certain interrogatories in this proceeding? A. Yes, sir.
- Q. There were interrogatories propounded to Hellenic Lines—no, Universal Cargo Carriers which you answered. The second interrogatory is as follows: State the names and addresses of all stockholders.
  - (a) State the citizenship of each stockholder.
  - (b) State the officers of the corporation.
- (c) State whether or not any of the stockholders are presently residing in the United States, either on a temporary or permanent basis.

(d) State whether or not any of the stockholders have [148] in the past resided in the United States, either on a temporary or permanent basis.

To answer number two, of the interrogatories which you have answered, the entire answer of number two, your answer, I will ask you if your answer is: "The stock of Universal (52) Cargo Carriers, Inc., is bearer stock, and the identity of the holders of said stock is not reflected in the corporate records of Universal Cargo Carries, Inc."

Is that your answer? A. Yes, sir.

Q. Then, the Court, upon motion, permitted me to file additional interrogatories to Universal Cargo Carriers, Inc.

Interrogatory Number One is as follows: "State the names of the owners of the stock that are known to you.

- (a) State the citizenship and addresses of such owners.
- (b) State the amount of stock that is owned by each and the percentage of the stock that is owned as it relates to the stock of the corporation as a whole", and I asked various other questions concerning them and you come in and answer to that question one (a) through (f) and your answer is "The stock of Universal Cargo Carriers, Inc., is owned by Hellenic Lines, Limited, a corpora[149] tion organized and existing under the shipping corporation laws of the Kingdom of Greece. The head office of Hellenic Lines, Limited, is in Piraeus, Greece, and a branch office is maintained in New York City". Was that your answer! A. Yes.
- Q. Where is the New York office located? A. 39 Broadway.
- Q. How many employees did you have in that office in (53) August of '65? A. I would say between seventy or seventy-five, thereabouts.
- Q. Does the Hellenic or Universal own this building where it is located? A. No, sir.
- Q. They lease it? A. Yes, sir.
- Q. Under what type of arrangement? A. I believe it is a ten-year lease.
- Q. Does the Hellenic Lines or Universal also operate a stevedoring operation in New York City? A. Hellenic does.
- Q. How many longshoremen do you regularly employ in New York City! A. You understand the longshoring operation depends upon the cargo to be handled. Today you may have [150] none and tomorrow you may have a hundred and, of course, these men are furnished to us by the I. L. A.

- Q. But you do own and operate a stevedoring service there in New York City? A. Well, we perform our own stevedoring services. We do not have a separate subsidiary to handle the stevedoring operation that is. That is done by Hellenic.
- Q. Does Hellenic Lines own a pier at Fifty-seventh Street in New York? (54) A. Brooklyn.
- Q. Is that where your ships regularly dock in New York? A. Right.
- Q. How many employees do you have in the New Orleans office? A. About fifteen.
- Q. And the Universal Cargo Carriers, do they have any employees in Greece? A. They have no employees anywhere.
  - Q. Hellenic Lines has an office in Greece? A. Yes, sir.
- Q. They employ less employees in Greece than they do in New York City, don't they? A. Yes, sir, office personnel.
- [151] Q. How many ships is Hellenic operating, at the present time? A. Thirty-six.
- Q. Now, I think you said fourteen of them are engaged in services outside of the United States? A. Yes, sir.
- Q. That would make twenty-two engaged in the United States trade? A. Yes, sir.
- Q. Does Universal have an office in Panama? A. Yes, sir.
- (55) Q. How many employees do they have there? A. I don't believe they have any.
- Q. They have an office but no employees? A. Yes. Offices, yes.
- Q. What do they have, a mailing address there? A. Yes, sir.
- Q. Does Hellenic or Universal Cargo. Carriers or either of the two corporations have any offices at any other

place other than at Piraeus and in the United States? A. As I have already answered, Universal Cargo Carriers [152] does not have an office, to my knowledge, any other place but Panama. Hellenic or its subsidiaries...

- Q. I did not ask about its subsidiaries. I have asked about Hellenic and Universal Cargo Carriers. A. Hellenic has an office in Piraeus and that's all.
- Q. You employ agencies in various ports around the world? A. Either agencies or subsidiaries; yes, sir.
  - Q. Like any other steamship line? A. Yes, sir.
- Q. Mr. Hennesey, do you know of your own knowledge what percentage of freight originates or terminates in the United States with respect to the HELLENIC HERO? A. No, sir.
- Q. How about as to Hellenic Lines, Limited? A. I would say that there are more dollars in the United (56) States.
- Q. No question about that, is there? A. I don't think so, no.
  - Q. Does the HELLENIC HERO carry passengers out of the United States? A. Most of the freighters are equipped to carry twelve passengers.

Q. That would apply to the other twenty-two traders? A. Yes, sir, but we don't solicit passenger business.

[153] Q. It is not lucrative? A. No. We don't have the facilities to accommodate the passengers and the trips are too long, but sometimes retired people and school teachers either have the time available and enjoy a trip on an ocean freighter.

The Court: Would it be fair to say that your ships are about like railroads, they have passenger equipment, but hope they don't have passengers? A. Not really, Your Honor, because I am forced to ride the railroads up home. Our passengers have fairly good facilities, and, as a mat-

ter of fact, the accommodations are even better than the ones I am presently enjoying at the Battle House, and if you can tolerate the food, you would enjoy the trip, because a round trip to India costs approximately fifteen hundred dollars and you are gone for about four months. So, that is just slightly in excess of (57) ten dollars a day and you have, called at maybe fifteen different countries and visited maybe thirty different seaports.

The Court; You haven't got to sell on the idea. I hope someday to take a sea voyage as a passenger and not as a member of the crew.

A. I hope you take it on the HELLENIC HERO.

[154] The Court: Go ahead, Mr. Diamond.

Mr. Diamond: Mr. Hennesey, the hundred and sixty dollars that has been paid to Zacharias Rhoditis since his return to Greece, that is the amount that you have paid him?

A. Yes.

Q. Does this represent the full amount of compensation to which he has been entitled? A. No, sir.

Q. What would it be? A. I understand there would be about six hundred dollars more coming to him.

Q. What do you mean understand? A. The office in Piraeus tells me that about six hundred dollars more would be due him under the law of Greece and we stand ready, willing and able to pay it in Piraeus.

Q. You don't, yourself, understand the Greek Compensation laws, do you? A. In a general way, Mr. Diamond. (58) Q. Do you read Greek? A. In a general way.

Q. Would you tell me how this—would you tell the Court how this hundred and sixty dollars has been com[155] puted and this additional six hundred dollars is computed? A. No, sir. I don't have the details. I simply

asked the office in Piraeus, "What have you paid Rhoditis," and they said, "Four thousand some-odd drachmaes," and, "How much is he entitled to," and they said, "About six hundred dollars."

- Q. How much would he be entitled to under a month's disability? A. In the hospital, about twenty pounds and/or fifty-six dollars, and outside the hospital, about fifty-four dollars.
  - · Q. He wouldn't be entitled to both? A. Well, yes.
- Q. I mean, both amounts for the same period of time? A. No. No, he is in the hospital or he is outside the hospital.
- Q. All right. Is that the full amount of compensation to which he is entitled? A. No, sir.
- Q. What other amounts is he entitled to? A. Then he applies to the Piraeus courts of First Instance and they appoint the three doctors to examine him, and they have a hearing on the thing with witnesses as to the (59) cir-[156] cumstances of the accident, and then they make the determination as to the amount to which he is entitled by Greek law pursuant to his disability, et cetera.
  - Q. What criteria do they use for awarding amounts? A. That is determined by the law of Greece and I have no knowledge of that.
  - Q. That is determined by the laws of Greece and he has no knowledge of that and that is all I wanted him to say, and that, I am sure, is the truth.

The Court: All right. Any redirect?

Mr. Diamond: That's all.

#### Redirect Examination

By Mr. Wood

Q. Just to make it clear, Mr. Hennesey, you were asked about the HELLENIC HERO and the various calls at

the United States ports. What is at the other end of that run? A. Well, the itinerary, of course, would show it better than I can say, because he would call probably first—proceeding first to New York to Alexandria, to Port Said Suez, Jeddah, Port Sudan, Khorranshahr, Basrah, Bombay, Karachi, from Karachi on to Bombay and around to the east coast of Pakistan and then she would [157] come to Calcutta. She would stay in Calcutta a couple of weeks, depending on the cargo situation, and then to Djibouti for tea and then to (60) Cochin for frozen cargo and to Port Said and to Savannah and so forth.

Q. That would include a thousand degrees? A. Oh, yes.

Mr. Diamond: I object to him leading the witness.

A. Did I say Hericalioan?

The Court: Go ahead.

Mr. Wood: But as a Greek flag vessel or a foreign flag vessel, she is not permitted to sail coast-wise in the United States?

A. Well, the vessel, of course, sails or discharges cargo for coastal carriage. We can't carry cargo from Mobile to New York. We are excluded from that.

Q. One other question. What happens in Greece with regard to a Greek seaman who files a claim in the United States courts, if you know?

Mr. Diamond: I object. He has already testified he knows nothing about United States law. I don't think he is a Greek expert on the law either.

[158] The Court: Overruled. Go ahead.

A. Yes. The collective agreement which the men sign stipulates that they will abide by the jurisdiction of the Greek courts, and if they commence a suit in the United States, for instance, it is reported to the Greek Ministry

of Mercantile Marine and when the man returns to Greece, (61) proceedings are instituted against him for violations of this provision and his license is subject to suspension. This is equivalent to a desertion. If a man deserts in the United States, the harbor master reports to Greece and when he gets back there, his book is lifted.

The Court: Where is he now, if you know?

A. The last I heard, he was in Greece.

The Court: He is not employed by Hellenic?

A. No, sir.

The Court: And has not since this?

A. No, sir.

The Court: All right. Anything else?

[159] Mr. Wood: No, sir.

Mr. Diamond: I have one more question.

The Court: All right. Go ahead.

Mr. Diamond: Mr. Hennesey, on Respondents' Exhibit No. 7 there is eleven ships listed, U. S. Gulf, U. S. Gulf North Atlantic ports, India, Pakistan trade, are there not?

- A. Are you talking about these vessels?
- Q. These right here. A. Yes.
- Q. And that is the HELLENIC HERO in that trade, is it not? A. Yes, sir.
- Q. Are there any ports in Greece listed for any of those eleven ships? (62) A. No, for two reasons.
- Q. I asked you, Mr. Hennesey, if there were any ports listed?

The Court: Well, the answer is no, is that right?

A. Yes.

[160] The Court; All right.

Mr. Wood: Would you state to the Court why?

A. Yes, because that shows the present position of the vessel and she may already have passed Piraeus on her either incoming or outgoing trip.

Secondly, if there was no cargo for Piraeus, the vessel does not call at Piraeus. She calls at Hericalioan, Crete.

Mr. Wood: I have nothing else.

Mr. Diamond: Along that line, the E. T. S. on here, estimated time of sailing, New York, you say there is two reasons, one was because it may have already passed there?

A. Right.

Q. And the other is no cargo. A. Right.

Q. This shows a number of ports for HELLENIC SPIRIT, all of them foreign ports. A. HELLENIC SPIRIT!

Q. Yes. A. She is down south right now.

[161] (63) Q. This shows a number of foreign ports for HELLENIC CHARM? A. Right,

Q. There is none listed there? A. No.

Q. And this shows some ports for HELLENIC DES-TINY and there is none listed there. A. No, because you are only bringing DESTINY from Cochin to Port Said.

Q. This shows the SPLENDOR here. A. She is already passed Piraeus.

Q. And the other one? A. That terminates in New York. We don't know, we might get a thousand tons of cargo for Piraeus.

Q. HELLENIC LAUREL shows no ports in Greece and it lists about fifteen ports. A. No, because that brings her up to Port Said.

Q. The same thing for HERO; LEADER and DOL-PHIN, is that correct? A. The HELLENIC HERO you brought up into New York. You don't have your itinerary on that ship for outbound.

Q. This is the schedule for it on April 28, 1967? A. Yes, but Mr. Diamond, you bring the ship up to New York, she has probably eight thousand ton of cargo, where is it going?

[162] (64) The Court: Anything else, gentlemen?

Mr. Diamond: I have nothing else.

Mr. Wood: Nothing else, Judge.

The Court: All right. Court will stand adjourned.

### [163] IN THE DISTRICT COURT OF THE UNITED STATES, SOUTHERN DISTRICT OF ALABAMA, SOUTHERN DIVISION

# FINDINGS OF FACT AND CONCLUSIONS OF LAW

(Number and title omitted) (Filed: Oct. 4, 1967)

This action is brought by an alien seaman to recover for personal injuries sustained aboard the SS HELLENIC HERO on August 3, 1965, in the Port of New Orleans, Louisiana.

### Findings of Fact

- 1. Zacharias Rhoditis was a citizen of Greece serving aboard the SS HELLENIC HERO in the capacity of an A/B seaman on August 3, 1965, when he was injured.
- 2. The SS HELLENIC HERO is owned by Universal Cargo Carriers, Inc., a Panamanaian corporation, flies the flag of Greece, and is managed by Hellenic Lines, Ltd., a Green corporation.
- 3. Pericles G. Callimanopulos, a citizen of Greece, owns in excess of ninety five (95) per cent of the stock of both corporations.

- 4. Pericles G. Callimanopulos has resided in this country in excess of twenty (20) years.
- 5. The principal offices of the Respondents are located at 39 Broadway, New York, New York.
- 6. The SS HELLENIC HERO, at the time of this accident and continuing until the time of trial, was engaged in a regularly scheduled run between various Gulf ports [164] of the United States and ports in the Middle East. One hundred (100) per cent of this vessel's income was from cargo either originating or terminating in United States ports.
- 7. The business operation of Respondents is clearly managed and operated from the United States.
- 8. The Libelant, an illiterate Greek seaman, was injured in the Port of New Orleans, Louisiana, when the SS HELLENIC HERO was being tied up to a dock in said Port.
- 9. The Libelant was injured as the proximate result of the negligence of the employees of the Respondents and the unseaworthiness of the equipment of the SS HEL-LENIC HERO. The Respondents offered no evidence in opposition to the claim on its merits.

#### CONCLUSIONS OF LAW

Following the law announced in Lauritzen v. Larsen, 345 U. S. 571, it would seem to us that the contacts in this case with this country are quite substantial. The Libelant was injured in the Port of New Orleans, Louisiana, aboard a vessel regularly engaged in a scheduled trade to and from the United States Gulf ports; the vessel and its controlling corporations are owned by a resident of the United States, having enjoyed his residence in this country in excess of twenty (20) years, and the operation [165] was clearly managed, controlled and operated from

this country. Under these facts, I hold that this Court has jurisdiction and that the Jones Act is applicable. Bartholomew v. Universe Tankships, Inc., 263 F. 2d 437; Pavlou v. Ocean Traders Marine Corp., 211 F. Supp. 320; Southern Cross Steamship Co. v. Firipis, 285 F. 2d 651.

Turning to the question of damages, I find that the Libelant was disabled from performing his usual work of a seaman until March 10, 1966; I further find that his fractured leg had healed on March 10, 1966, without any permanent disability, although, on said date, the Libelant was still suffering with some pain and discomfort as a result of his injuries. Libelant's damages for loss of wages amount to One Thousand (\$1,000.00) Dollars, and his damages for pain and suffering amount to the sum of Five Thousand (\$5,000.00) Dollars. A decree in accordance with the foregoing will be entered.

Dated this 4th day of October, 1967.

Before Goldberg and Ainsworth, Circuit Judges, and Spears, District Judge.

Goldberg, Circuit Judge: Sixteen years after Lauritzen v. Larsen<sup>1</sup> we must fish in somewhat turgid waters for its spawn in order to determine the applicability of the Jones Act.<sup>2</sup> The question presented is whether or not the Jones Act applies so as to allow recovery to a Greek seaman who

<sup>1 345</sup> U. S. 571, 73 S. Ct. 921, 97 L. Ed. 1254 (1953).

<sup>2 46</sup> U. S. C. A., § 688 (1958), the Jones Act, provides as follows:

<sup>&</sup>quot;Any seaman who shall suffer personal injury in the course of his employment may, at his election, maintain an action for damages at law, with the right of trial by jury, and in such action all statutes of the United States modifying or extending the commonlaw right or remedy in cases of personal injury to railway employees shall apply; and in case of the death of any seaman as a result of any such personal injury the personal representative of such seaman may maintain an action for damages at law with the right of trial by jury, and in such action all statutes of the United States conferring or regulating the right of action for death in the case of railway employees shall be applicable. Jurisdiction in such actions shall be under the court of the district in which the defendant employer resides or in which his principal office is located. . . "

was injured in a United States port on a Greek-flag vessel owned and controlled by United States domiciliaries. We hold that the Jones Act applies and affirm the judgment of the district court.8

Zacharias Rhoditis, an illiterate Greek seaman, was injured aboard the S. S. HELLENIC HERO while the ship was docking at the Port of New Orleans. Seeking compensation for his injury, Zacharias brought suit under the Jones Act against the appellants, Universal Cargo Carriers, Inc., and Hellenic Lines, Ltd.

The HELLENIC HERO, which flies the Greek ensign and is registered in the port of Piraeus, Greece, has multination ties, but its ownership is essentially American. Technically, the ship is owned by a Panamanian corporation which in turn is owned by a Greek corporation. However, ninety-five per cent of the stock of the Greek corporation is owned by two residents of the United States, and the corporation has its principal office in New York. Universal Cargo Carriers, the Panamamian corporation, is solely a holding company with no operational responsibilities in connection with the HERO. The real ownership and operational responsibilities are vested in Hellenic Lines, a corporation organized and existing under the laws of Greece. Hellenic is managed from a base in New York, 5

<sup>&</sup>lt;sup>8</sup> The district court's opinion is reported at 273 F. Supp. 248.

<sup>4</sup> This suit originated as a libel under the general admiralty laws of the United States, in rem against the HELLENIC HERO and in personam against Universal Cargo Carriers and Hellenic Lines. After discovering that the appellants had substantial United States ties, Zacharias successfully moved to have the Jones Act applied. The suit under the Jones Act "is in personam against the ship's owner and not one in rem against the ship itself." Lauritzen v. Larsen, supra, 345 U. S. at 574, 97 L. Ed. at 1263.

<sup>&</sup>lt;sup>5</sup> The record reflects that the New York office of Hellenic Lines has seventy-five employees. Another corporate office, which is located in New Orleans, employs fifteen.

and is owned almost entirely by Pericles Callimanopoulos - and his son.

Pericles, although a Greek citizen, has resided in the United States since 1945. With a home in Greenwich, Connecticut, and an office in New York City, Pericles performed his duties as managing director of the corporation from the United States. Under Pericles' direction, the HERO engaged in regularly scheduled runs between various gulf ports of the United States and port in the Middle East. The entire income of the HERO was from cargo either originating or terminating in United States ports.

Zacharias signed on the HERO in Heraclion, Greece. His contract of employment provides that Greek law and the Greek Collective Bargaining Agreement shall apply as between the employer and the crew, and that all claims arising out of the contract of employment shall be adjudicated exclusively by the Greek courts.

In the court below Universal and Hellenic directed their defense so that it was primarily a challenge to the court's jurisdiction over the subject matter. The district court held that it had jurisdiction and explained its result as follows:

"Following the law announced in Lauritzen v. Larsen, 345 U. S. 571, it would seem to us that the contacts in this case with this country are quite substantial. The Libelant was injured in the Port of New Orleans, Louisiana, aboard a vessel regularly engaged in a scheduled trade to and from the United States Gulf ports; the vessel and its controlling corporations are owned by a resident of the United States, having enjoyed his residence in this country in excess of twenty (20) years, and the operation was clearly managed, controlled and operated from this country. Under these facts, I hold that this Court has jurisdiction and that the Jones Act is applicable [cases cited]." 273 F. Supp. at 249-50.

The court then found that Zacharias' injury was the proximate result of the appellants' negligence and awarded damages in the amount of \$6,000.

The sole issue raised by this appeal is whether the facts at bar warrant the application of the Jones Act, which is the basis of the district court's assertion of jurisdiction. Both parties rely on the primogenial case of Lauritzen v. Larsen, 1953, 345 U. S. 571, 73 S. Ct. 921, 97 B. Ed. 1254, for what it says and for what it does not say. In Lauritzen the question was whether one Larsen, a Danish seaman negligently injured on board a ship of the Danish flag in Havana harbor, had a cause of action under the Jones Act. Larsen, while temporarily in New York, had joined the crew of this ship owned by a Danish citizen. He had signed ship's articles providing that the rights of crew members would be governed by Danish law and by the employer's contract with the Danish Seamen's Union. In holding that the Jones Act did not apply, the Supreme Court listed seven factors to be considered in answering the question of applicability: (1) the place of the wrongful act; (2) the law of the flag; (3) the allegiance or domicile of the injured seaman; (\*) allegiance of the defendant shipowner; (5) the place where the contract of employment was made; (6) the inaccessibility of a foreign forum; and (1) the law of the forum.

If we were to weigh the seven immortal pillars of Lauritzen by merely counting contacts, the score would be three for Jones Act coverage, four against. The immortal

the seaman was injured in a United States port; (2) the defendant shipowner is a United States domiciliary and operates his shipping business from this country; and (3) the forum is a United States court. The contacts pointing the other way are: (1) the ship's flag is Greek; (2) the injured seaman is Greek; (3) the seaman's contract of employment was made in Greece; and (4) there is a foreign forum available to the injured seaman.

Zacharias, however, contends that the count should be the other way: four to three in favor of coverage. He argues that there is

seven, however, are not to be so mechanistically applied. Lauritzen did not create a contact counting test.

Rather the Supreme Court intended the applicability question to be answered by "ascertaining and valuing

no foreign forum accessible to him because a Greek court could not exercise jurisdiction of his suit, notwithstanding the appellants' willingness to submit to Greek jurisdiction. In support of this contention the appellee cites Bikos v. Miralago Compania Armadora, S. A., a 1962 case, in which the Athens Court of Appeals refused to exercise jurisdiction in a case similar to the one sub judice. According to the appellee's brief, the Bikos case involved a tort claim by a Greek citizen againts a Panamanian corporation which owned the Greek flag vessel on which the Greek plaintiff was injured. In holding that it was without jurisdiction over the controversy, the Athens court said:

"Foreigners come indeed under the jurisdiction of this country's courts, according to Article 126 of the Introductory Law to the Civil Code; they can sue or be sued in accordance with provisions in effect relating to jurisdiction, if such jurisdiction is among the general and specific jurisdictions mentioned in the Civil Procedure. But such jurisdiction of the Piraeus Court of First Instance or other domestic court or judge does not apply to the appellee foreign corporation, since \*\*\* appellant's services to it, during the rendering of which he was injured, were rendered abroad."

In the court below the appellee did not introduce the Bikos opinion into evidence and made no effort to prove that it represented the law of Greece. Since it was not proved as a fact, we cannot take judicial notice of its holding. Rowan v. Commissioner, 5 Cir. 1941, 120 F. 2d 515, 516; In re Mylonas, N. D. Ala. 1960, 187 F. Supp. 716, 721; 5 Moore's Federal Practice, § 43.09 (1968); 9 Wigmore on Evidence, § 2573 (1940). In Black Diamond S. S. Corp. v. Stewart & Sons, 1949, 336 V. S. 386, 397-98, 69 S. Ct. 622, 93 L. Ed 754, 764, the Supreme Court instructs us:

"Since Belgian law may be enforceable by our courts, that law, having been pleaded, must be established. It is true that this Court has on several occasions held international rules which had passed into the 'general maritime law' to be subject to judicial notice [cases cited]. But where less widely recognized rules of foreign maritime law have been involved, the Court has adhered to the general principle that foreign law is to be proved as a fact [cases cited]."

Moreover, there is uncontradicted testimony in the record to the effect that Zacharias could obtain relief through the Greek courts if he sought it. Upon this record, therefore, we cannot say that the appellee lacks access to a foreign forum.

points of contact between the transaction and the states. or governments whose competing laws are involved," and "from weighing of the significance of one or more connecting factors between the shipping transaction regulated and the national interest served by the assertion of authority." 345 U.S. at 582, 97 L. Ed. at 1267. "Hence it must he said that in a particular case something between minimal and preponderant contacts is necessary if the Jones Act is to be applied. . . . [T]he test is that 'substantial' contacts are necessary. And while . . . one contact such as the fact that the vessel flies the American flag may alone be sufficient, this is no more than to say that in such a case the contact is so obviously substantial as to render unnecessary a further probing into the facts" Bartholomew v. Universe Tankships, Inc., 2 Cir. 1959, 263 F. 2d 437, 439, cert. denied, 359 U.S. 1000, 79 S. Ct. 1138, 3 L. Ed. 2d 1030. Likewise, the seven talismen are neither exclusive nor immutable.7.

The Supreme Court clearly indicated that the immortal seven were not to be given equal weight and that their

<sup>7</sup> In Pavlou v. Ocean Traders Marine Corp., S. D. N. Y. 1962, 211 F. Supp. 320, 325, the court found an eighth contact worthy of consideration—the shipowner's base of operations:

<sup>&</sup>quot;This court recognizes that the factor of base of operations was not emphasized by the Supreme Court in Lauritzen v. Larsen, 348 U. S. 571, 73 S. Ct. 921, 97 L. Ed. 1254 (1953). However, the court does not interpret that decision as an attempt by the Supreme Court to exhaust the factors which may be relevant. It is clear that there the court was only dealing with the circumstances which were present therein. Indeed, in the Bartholomew case, supra, at page 443 of 263 F. 2d, the Court of Appeals of this Circuit interpreted the Lauritzen decision in this way. Further, persuasive authority exists to support the view that the base of operations of the persons directing the operations of the vessel is a factor making the Jones Act applicable."

We agree with Pavlon that courts should consider the location of the shipowner's base of operation in conjunction with the seven factors articulated in Lauritzen. Since New York was the principal office of Hellenic Lines, this factor points persuasively toward Jones Act applicability.

court ascribed little significance to the place of contract, to the inaccessibility of a foreign forum, and to the law of the forum. We shall do likewise. Moreover, in this case we find the domicile of the injured seaman to be unimportant. The factor said to be of "cardinal importance" is the law of the flag. "[T]he weight given to the ensign overbears most other connecting events in determining applicable law," and "it must prevail unless some heavy counterweight appears" [emphasis added]. 345 U. S. at 584-86, 97 L. Ed. at 1269. In this case we find that heavy counterweight: the HELLENIC HERO was for all commercial purposes owned and operated by a United States domiciliary.

The HERO's flag is more symbolic than real as is evidenced by the fact that its operation and ownership ties are American, not Greek. Under these circumstances it is fair to say that the HERO's flag is not due the same weight which Lauritzen gave to a more sturdy flag. Courts need not elevate symbols over reality. We therefore pierce the corporate veil and conclude that the HERO's flag is merely one of convenience.

Lauritzen itself recognized that courts are not bound by flags of convenience:

"It is common knowledge that in recent years a practice has grown, particularly among American shipowners, to avoid stringent shipping laws by seeking foreign registration eagerly offered by some countries. Confronted with such operations, our courts on

<sup>8</sup> Since he has resided in the United States and maintains both his home and principal place of business here, Pericles is properly categorized as a domiciliary of this country. See Mitchell v. United States, 1875, 88 U. S. (21 Wall.), 310, 22 L. Ed. 584, 586. See also 28 C. J. S., § 11(f) ("A change of domicile to another country does not involve or require a change of nationality or an intent to case off all allegiance to the country of the former domicile.")

occasion have pressed beyond the formalities of more or less nominal foreign registration to enforce against American shipowners the obligations which our law places upon them." 345 U.S. at 587, 97 L. Ed. at 1270.

Our course through the corporate veil also has strong support in post Lauritzen cases:

"Although appellant contends otherwise, the practice in this type of case of looking through the facade of foreign registration and incorporation to the American ownership behind it is now well established [cases cited]. This is essential unless the purposes of the Jones Act are to be frustrated by American shipowners intent upon evading their obligations under the law by the simple expedient of incorporating in a foreign country and registering their vessels under a foreign flag. See Lauritzen, 345 U.S. at page 587, 73 S, Ct. at page 930. In the case now before us appellant has taken the trouble to insert an additional nominal foreign corporation between the flag and the true beneficial ownership of the vessel. But we have little difficulty in brushing all this aside when considering the applicability vel non of the Jones Act. Complicating the mechanics of evasive schemes cannot serve to make them more effective. What we now do is not to disregard the corporate entity to impose liability on the stockholders, but rather to consider a foreign corporation as if it were an American corporation pursuant to the liberal policies of a regulatory act [cases cited]." Bartholomew v. Universe Tankships, supra, 263 F. 2d at 442.

See also Southern Cross Steamship Co. v. Firipis, 4 Cir. 1960, 285 F. 2d 651, cert. denied, 365 U. S. 869, 81 S. Ct. 903, 5 L. Ed. 859; Pavlou v. Ocean Traders Marine Corp., S. D. N. Y. 1962, 211 F. Supp. 320; Voyiatzis v. National Shipping & Trading Corp., S. D. N. Y. 1961, 199 F. Supp.

920; Zielinski v. Empressa Hondurena de Vapores, S. D. N. Y. 1953, 113 F. Supp. 93.

Most of the flag of convenience cases have involved ships whose owners were American citizens, not aliens domiciled in the United States as here. This distinction should make no difference because aliens residing in this country are, with rare exception, subject to the same commercial and tort laws as United States citizens. In Leonhard v. Eley, 10 Cir. 1945, 151 F. 2d 409, 410, wherein a resident alien was held to be subject to our Selective Service laws, we read of the obligations owed by aliens residing on our shores:

"Aliens residing in the United States, so long as they are permitted by the government to remain therein, are entitled generally, with respect to the rights of person and property and to their civil and criminal responsibility, to the safeguards of the Constitution and to the protection of our laws. However, they may exercise only such political rights as are conferred upon them by law. Their duties and obligations, so long as they reside in the United States, do not differ materially from those of native-born or naturalized citizens. Equally with such citizens, for the rights and privileges they enjoy, they owe allegiance to our country, obedience to our laws, except those immediately relating to citizenship, contribution to the support of our governments, state and national; and in war, they share equally with our citizens the calamities which befall our country; and their services may be required for its defense and their lives may be periled for maintaining its rights and vindicating its honor."

The financial responsibility for compensating injured seamen is much less onerous than the personal sacrifice an alien makes when he serves in our military. This being true, it follows that a corporation owned by resident aliens should be subject to the Jones Act just as much as a corporation owned by United States citizens. Hellenic Lines and Universal Cargo Carriers are commercially domiciled in this country and therefore owe fealty to our laws.

The American character of this tort is further emphasized by the fact that Zacharias' injury occurred in the Port of New Orleans. This alone would not be sufficient to invoke the Jones Act. Romero v. International Terminal Operating Co., 1959, 358 U. S. 354, 381-84, 79 S. Ct. 468, 3 L. Ed. 2d 368, 387-89. It is, however, a countervailing factor which weakens our bondage to the flag. When combined with the totality of American contacts, the fact that the accident occurred in our territorial waters points to Jones Act applicability. In Southern Cross Steamship Co. v. Firipis, supra, 285 F. 2d at 655, we read:

"[T]he effective control of the vessel was by American interests. This, coupled with the fact that the injury occurred while the ship was in drydock in an American port and with the ship's Hondurian registration being illusory, is sufficient under the doctrine of Lauritzen v. Larsen, supra, for the application of the Jones Act."

We recognize that the Second Circuit has reached a contrary result on identical facts (the defendants there were, as here, corporations dominated by Pericles and the plaintiff was a Greek seaman injured in a United States port). Tsakonites v. Transpacific Carriers Corp., 2 Cir. 1966, 368 F. 2d 426, cert. denied, 386 U. S. 1007, 87 S. Ct. 1348, 18 L. Ed. 2d 434. The appellee attempts to distinguish Tsakonites on the tenuous ground that at the time of Tsakonites' accident Pericles had not met the residence requirements for United States citizenship, whereas in our case Pericles had fulfilled that eligibility requirement at the

time of Zacharias' injury. Casting such finite distinctions aside, we find that we cannot accept the reasoning and conclusion of the *Tsakonites*' majority. Instead we find our haven in the persuasive logic of Judge Waterman's dissent from which we shall quote in extenso:

"United States courts have pierced through the facade of foreign registration and foreign incorporation and have applied United States law, including 46 U.S. C., § 688 application, when American-based shipowners who are United States citizens have sought the protection from seamen's suits of less onerous laws of foreign states and have registered their vessels elsewhere than here. [cases cited.] I would hold that here, in this case, where the injury occurred at dockside in the United States, United States law should be applied when the defendant shipowner, though an alien, has continued to register his vessels abroad while he currently enjoys the considerable benefits of permanent resident alien status here, a status deliberately sought by him. I cannot follow theargument that, in this respect, the application of United States law to this event that occurred in our territorial waters should depend upon whether the vessel upon which the event occurred is owned by a United States citizen or is owned by a United States resident alien. We accord a lawful permanent resident alien the same constitutional protections we accord a citizen of the United States. See Kwong Hai Chew v. Colding, 344 U. S. 590, 596, 73 S. Ct. 472, 97 L. Ed. 576 (1953). Moreover, the duties and obligations of a resident alien have not been . thought to 'differ materially from those of native-born or naturalized citizens.' Leonhard v. Eley, 151 F. 2d 409, 410 (10 Cir. 1945). To be sure, a resident alien in some respects does not have legal parity with a United States citizen; for example, the Constitution

requires that only citizens may be candidates for election to the House of Representatives and to the Senate; and an affen may be sued in any U. S. judicial district. Nevertheless, established authority, see, e. g., Leonhard v. Eley, supra, suggests that any United States law, such as the Jones Act, that imposes duties and obligations upon persons, should be evenly applied to United States citizens and resident aliens.

"So, unless the same obligations that United States law imposes on shipowners who are United States citizens are imposed on resident alien shipowners, a resident alien shipowner like Callimanopoulos will be able to enjoy the considerable benefits of lawful permanerat resident alien status in this country without being subject to the duties and obligations exacted of an otherwise similarly situated competitive shipowner who is an American shipowner. The statement of this last proposition would seem to be enough to require a reversal instead of an affirmance of the order below. Moreover, under these circumstances, I do not regard as significant the fact that when this Greek seaman signed on he agreed to limit his rights to those arising under Greek law. Surely we would not consider such to be decisive, or even important, if the shipowner behind the Greek-incorporated corporation was a United States citizen inasmuch as the accident occurred while the vessel was berthed at a New York harbor pier.

"I repeat: Shipowners who are resident aliens and shipowners who are United States citizens should be subject to the same liabilities for injuries suffered by their employees on their vessels when the vessels are at United States piers. If a United States shipowner is liable under the Jones Act to a foreign seaman serving on a foreign-registered vessel injured in our territorial waters, a permanently resident alien should also be so liable." 368 F. 2d at 429-30.

We hold that the district court correctly found that it had jurisdiction to apply the Jones Act. The power of the flag is not limitless, and its cloth should not be stretched beyond realistic and reasonable lengths. Maritime allegiance is not to be defined in a patriotic, nationalistic, or chauvinistic sense, but in terms of economic ties. The HERO and its owners were not strangers wandering to our shores. Not only did most of the HERO's nautical peregrinations call for United States docking, but its ownership also rested here. The alienage of Pericles and his corporate entourage is clearly much less factual than fictional. We respect the inviolability of Pericles' choice of sovereignty, but not his choice of law.

Affirmed.

### Greece

Since ancient times the Greek people have been using the sea as a source of food, as a highway of transportation between the islands and the mainland, and as a means of livelihood for many of her menfolk.

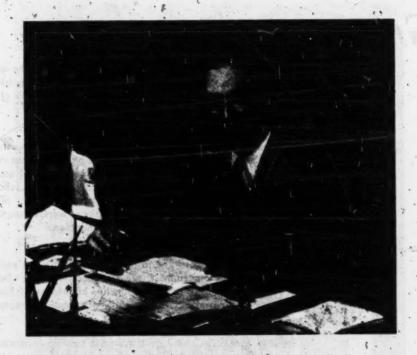

The land of one of man's oldest civilizations, steeped in centuries of history, recognised as the birthplace of the principle of the rights of the individual within the community, dotted profusely with ancient edifices and possessing in trust for all her people, priceless relics of art and culture. /Each generation is reminded constantly of the glory of her past and inspired to strive in spite of wars, earthquakes and other disasters to be worthy of such an heritage.

It is therefore logical to find in the tradition of the sea and the spirit of private resourcefulness, the emergence of men, who by their foresight, energy, thrift and instinctive knowledge of human nature, have built up enterprizes in worldwide international transport.

Small wonder that Greek lads, nurtured in such an environment, are fired with the ambition to prosper by their own enterprise, to be deserving of the pride of their families, honoured by their birthplace and esteemed by their fellow countrymen.

No one is far from the sea in Greece, a country which for its area has an inordinate length of coastline. Situated in the Mediterranean. Greece is favoured by a mild climate and therefore it is not surprising that her people have naturally taken to the sea for commerce and pleasure.

This is such a story.

Mr. P. G. CALLIMANOPOULOS

Founder and General Manager

### Patras

is a seaport on the western shores of the Peloponnese overlooking the entrance to the Gulf of Corinth, with the mountains of Etolicon to the north propping steeply from unclouded skies to the clear shimmering sea, and to the west, in the distance across the sea, the beautiful island of Cefallohia. Looking south westwards lies Olympia, while in the opposite direction, over the mountains, lies Delphi, the scene of the mystic oracles.

There, in 1892, Pericles G. Callimanopoulos was born and spent his boyish years.

Reaching manhood his eyes were already focussed on ships and the ambition to be a shipowner one day was doubtless in his mind.

He started his career as an assistant to Mr. Coulis who was the Agent for regular cargo services and, before long, began to merit the notice of his elders. Born into a family of modest financial means, our subject had to start from sealevel if he was to realize his ambition to be a shipowner. He succeeded, early in the first war, in becoming part owner of a small ship, called the "VALKIRIA", while he was still serving in the Royal Hellenic Army. From the sale of this ship our young man found himself with a little capital, which he put to

Patras

work against the time when he could buy his next ship. Meantime, he was running a coal depot in Piraeus and other trading activities associated with shipping, which included a period spent in England, then the undisputed centre of worldwide mercantile affairs.

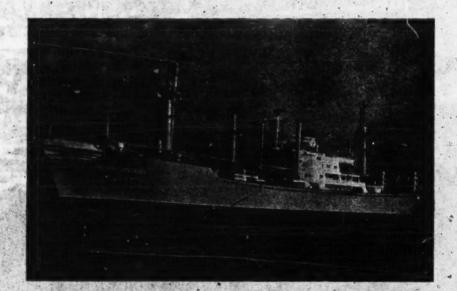

Between the Wars, Greek shipowners were almost entirely involved with tramping, that is, hiring their ships to go anywhere and everywhere that remunerative freight earnings could be made. It was an entirely new concept for a Greek owner to use his ships for regular Services to and from specific ports or countries, which is termed 'liner' trading.

Mr. Callinfanopoulos determined that his future would be to establish a worldwide operation of regular liner Services under the Greek flag, manned by Greek seamen in ships of the highest standard of efficiency, maintenance and equipment. While requiring the maximum devotion to duty from officers and seamen, he proved a good employer, and was not unappreciative of loyalty. By his energy, knowledge and self sacrifice, he inspired admiration and devotion amongst those who carried out their duties earnestly.

He saw his dream of worldwide liner Services as being not only in his personal interest but also a means of enhancing the reputation of his country abroad. A wellfound ship, with a diligent crew is no finer symbol, at a foreign port, of a country's tradition and development.

With growing impatience but still continuing quietly to increase his knowledge and business acumen, he waited his chance. It came in 1935....

SUBARIR TO TROS SHY

1935

name of HELLENIC LINES LIMITED was registered in Greece as a corporate Company. The Company owned only one ship, the steamer "HELLAS", appropriately named as, in English, the translation is "GREECE." Undeterred, and augmented by chartered tonhage, a regular liner Service was started between the Aegean countries and the United Kingdom and the northern European Continent.

By perserverance and careful regard to the requirements of importers and exporters, a footing was established in this trade. As opportunity presented itself, the Company purchased further ships until in 1938 the fleet comprised eight units.

These few years prior to the outbreak of war were times of anxiety. Shipowners of other nations were viewing with some apprehension the rise of this Greek liner operator and were beginning to take steps to deprive the ships of cargo so that their withdrawal would be economically obligatory.

Convinced of the right to fly the Greek flag in trades, not only with Greece but between all countries, the Company persisted, in spite of foreign understandings designed to debar Greek tonnage. Constant heed was given to the principle that 'ships must be provided to suit the cargo and not that cargo must be limited by the ship'.

International trade must not be hindered by insufficient and unsuitable cargo space.

Liper services provide the 'bridge' between manufacturers and consumers overseas. The 'bridge' must initially have sufficient width to take the maximum foreseeable traffic and it should be the foresight and spirit of shipowners, unrestricted by governments or national prejudice, to provide the transport facilities in advance of the demand. Sea transport commercially is international, and traditionally has been open to ship-owners regardless of nationality or flag.

Confident that these concepts are ultimately in the best interest of all countries, and therefore to mankind, the Company continued to serve cargo interests both at home and abroad, either in collaboration with foreign Lines or independently.

On the outbreak of war in 1939 national shipping assets were conscripted and the eight ships of the fleet were willingly put at the disposal of the homeland.

Before the shadow of invasion finally fell across Greece, Mr. Callimanopoulos promised publicly that, in due time, the Company would be revived to send its ships once again to sail the seas with pride and efficiency.

All but one ship was lost by enemy action. It is interesting to note that, by a strange coincidence, the surviving vessel was the "HELLAS" which, as already stated, was the first one to be acquired by the Company.

### True

War, the Company was reborn. The sole surviving ship was promptly despatched to reinaugurate the United Kingdom/Continent—Mediterranean Service.

At the same time, Mr. Callimanopoulos went to the United States of America to secure ships in order to commence Services to and from the Atlantic Coast of that great country. He succeeded in securing five ships from those sold by the U.S. Government and the Hellenic Lines Service from the U.S. Atlantic Coast to the Mediterranean became a reality. Incidentally, this was the only regular liner Service at that time between Greece and the U.S.A.

With due foresight and confidence, the Company placed orders for four sister motor ships each of 6000 tons D/W with a speed of sixteen knots. Named "HELLAS", "ATHINAI", "HOLLANDIA" and "TURKIA", of modern design and capacity, these ships were put into operation to relieve the "Liberty" types, which became the forerunners of Hellenic Lines Services from the United States to the East via the Suez Canal.

Careful management, without however, lowering the high standard of ship maintenance, enabled the Company to prosper and within the next ten years, it was able to place orders with German, Japanese and Scottish shipbuilders for new ships of the latest design, offering heavy lift and reefer space facilities to meet growing cargo requirements.

Launching of m.s. Hellas Japan 1955

By 1957, the Company had taken delivery of twenty ships. On another page, readers will note the continued fleet expansion up to last year when a total of twenty nine ships were owned by the Company.

This year it is expected that a further ship will be added to the fleet, to be employed in the United Kingdom/Continent—Middle East trades. In recognition of the long association between the United Kingdom and Hellenic Lines, the Company propose to salute their friends there by naming the latest ship, the s/s "LONDINON". The Company has recently purchased a further four large speedy vessels which are scheduled to be delivered shortly.

"Thirty ships in thirty years" shows steady calculated progress towards the ambition of Mr. Callimanopoulos that his country's flag will be found in all major Liner trades; represented by ships appropriate to the cargo handled, properly scheduled and operated and manned by officers and men devoted to their calling and, by their efficiency and conduct a credit to their ancient traditions and country.

All Hellenic Lines' ships are registered in Greece, contributing the measure of their success to that country. Only Greek nationals are signed on board and the standard of remuneration and degree of wellbeing extended to all crews is high.

The progress of Hellenic Lines fleet can not only be measured by the total number of vessels, but by the way in which each addition has been purchased to fit the individual needs of each trade. For example in 1947 only 28,000 cubic feet of space was available for refrigerated cargo and today this total now stands at just under 650,000 cubic feet; a similar comparison can also be made with space available for bulk liquids.

Hellenic Lines have not catered for cargo only; each new vessel on the trans-Atlantic Services can accommodate a limited number of passengers.

Dear Mr. O'Connor:

As Mr. Low has undoubtedly told you, we have received tacit approval from the Gulf/Mediterranean Freight Conference to treat with you on agency representation from Mobile to Mediterranean destinations.

Accordingly, we list below our usual terms and conditions' covering U. S. A. agents and, upon your concurrence, will proceed with the formal Agency Agreement. It is our

intention to have the agreement become effective with the berthing of our M/S HELLENIC SPIRIT and M/S HELLENIC HERO which will be loading at Mobile for Chitagong within November.

- \$250.00 for parcels of bulk cargo such as wheat and soforth (but excluding bulk oils) loaded on our vessels.

# Direct Examination

By Mr. Morewitz

Mr. Morewitz: This deposition is being taken pursuant to Court order in four of these cases and is being taken pursuant to agreement with counsel in the case of Theoklitos Symeonidis against the Greek S/S Hellenic Hero.

The Court order called for this deposition to begin at ten o'clock this morning and was continued until two o'clock this afternoon for the convenience of Hellenic Lines, Limited, and it is now two-thirty that we are commencing. Mr. Reid: I believe Mr. Callimanopulos has a statement to make.

Mr. Morewitz: Very well; we will listen to the statement.

The Witness: For the purposes of these cases only, it is admitted that the beneficial interest of better than ninety-five per cent of the stock of Hellenic Lines, Limited, Transpacific Carriers Corporation and Universal Cargo Carriers, Inc. is owned by me and my family, I being a citizen of Greece and now being in the United States.

- Q. Mr. Callimanopulos, you state that this beneficial interest in this stock is owned by you and your family. Where are the members of the family presently located to which you refer? A. Some here; some in Greece.
- Q. How much of this 95% is owned by those members of your family who are here in the United States at the present time? A. Very little. That is a verbal promise.
- Q. How much of this 95% beneficial interest belongs to you yourself? A. By far the major part.
- Q. And you yourself have been a resident of the United States since 1945; is that correct? A. Not a resident. I was then a treaty trader.
  - Q. You came to the United States in 1945? A. Right.
- Q. And you have been in the United States ever since, except for occasional trips abroad? A. Yes; in and out.
- Q. When did you become a resident alien in the United States? A. I think in 1951 or 1952.
- Q. Now, these trips that you have made outside of the United States, they have never been more than two or three weeks at a time? A. Sometimes longer.
- Q. What was the longest trip, to the best of your recollection? A. Two months.
  - Q. Two months? A. Yes.

- Q. How many times a year did you make these trips since you first came here? A. Occasionally, several times a year.
- Q. Sometimes no times—would that be it—it would fluctuate? A. Never a year passed without going abroad.
- Q. You went abroad at least once a year and some years you went abroad several times? A. Several times.
- Q. Now, since 1948 you have resided at Meadow Drive, Greenwich, Connectiont; is that correct? A. Right.
- Q. You are the general manager of Hellenic Lines, Limited, I believe? A. Yes.
  - Q. You are also one of the directors? A. Yes, sir.
  - Q. Your son, Mr. G. P. Callimanopulos is also one of the directors? A. Yes; but he has ceased to have any active part in the company. He is on his own.
  - Q. He became a director of Hellenic Lines in 1956; is that correct? A. I don't know.
  - Q. Somewhere in that area—would that be approximately correct? A. Maybe; I don't remember; I can't tell you.
  - Q. You have corporate records that show who the directors are? A. Yes; they are not here.
  - Q. But there are certain records that show who the directors are and when they became directors? A. Certainly.
  - Q. Mr. G. P. Callimanopulos is still a director of the corporation? A. I think he omitted to resign, although I repeat he is already on his own and has had nothing to do with the company for quite some time past.
  - Q. Did the stockholders elect a director in place of Mr. G. P. Callimanopulos on the board? A. No; I told you I think he has omitted to put in a resignation.
- Q. And the stockholders have omitted to vote a replacement? A. Right.

- Q. He is presently a resident of the United States; is that correct? A. Yes, sir.
  - Q. He lives in New York City? A. Yes, sir.
  - Q. Is he married? A. Yes, sir.
  - Q. He has children? A. Yes, sir.
- Q. They are citizens of the United States? A. No.
- Q. They live in the United States though? A. Yes. But I tell you he eventually goes out of the country.
- Q. But at the moment he is in the United States? A. He is in the United States now. He came back a week ago.
- Q. But he initially came to the United States about a year after you first came here; is that correct? A. Correct.
- Q. And he lived with you a considerable period of time in Greenwich, Connecticut, until he got married? A. Or in school. Before that he was abroad. When he came out of school, he went abroad and stayed abroad and that is where he was married.
- Q. I see. How long has he lived in New York City?

  A. Since when?
- Q. That is the question. Since when has your son lived in New York City? A. I think it must be about two or three years.
- Q. When did he cease to live at Greenwich, Connecticut? A. Immediately when he came out of school, he went abroad.
  - Q. Do you know what year that was? A. 1956 perhaps.
- Q. And then he came back and became associated with this company; is that correct? A. Yes; then he went again abroad.
- Q. During the time he was associated with this company Hellenic Lines, where did he live? A. In New York.
- Q. During the time that he was associated with Hellenic' Lines, Limited, what was the longest period of time that

he was out of the United States in any one year? A. I couldn't tell you; maybe a year or more at a time.

- Q. At a time? A. Yes.
- Q. Now, you yourself have resided in Greenwich, Connecticut, since 1948; is that correct? A. Yes, sir.
  - Q. Do you own your house there? A. No.
- Q. Your son's immigration status in the United States is that of a resident alien; is that correct? A. I think so.
- Q. Does he have any beneficial interest in the stock of these three corporations? A. No; not as yet.
- Q. You mean you may at some later time, but as yet—as of the present time, you haven't done it; is that correct? A. That may be the case.
- Q. Now, besides you and your son, who are the other directors of Hellenic Lines, Limited? A. Mr. Takis Zakas, T. Tagaris, Theodore Pangos, P. Papadopulos, L. Antonopulos and Frank Slater.
  - Q. Where does Mr. Frank Slater live? A. Here.
  - Q. In New York City? A. Somewhere in Long Island.
- Q. He is an American citizen? A. Yes; he was recently made a director of the company.
- Q. I see, sir. Mr. Takis Zakas and Mr. T. Tagaris—where do they live? A. All the others live in Greece with the exception of Mr. Tagaris who lives in London.
- Q. He has lived in London continuously for some considerable period of time, has he not? A Yes.
- Q. At least ten or fifteen years would you say, sir; maybe more? A. In London?
- Q. In England? A. No; I don't think so; at least a minimum of ten years.
- Q. A minimum of how many years! A. No; a minimum of seven years.

- Q. Did Mr. Tagaris or any other of these directors come to the United States in the last five or six years? A. No.
- Q. Who are the officers of Hellenic Lines, Limited now?

  A. Where? I mentioned them.
- Q. Those are the directors. Who is the president; who is the vice president; the secretary—what offices do they hold? A. The president is Mr. Takis Zakas; Mr. Pagous is managing director; the others are just directors.
- Q. What is Mr. Frank Slater's title? A. Director; but I tell you it has been an honorary appointment; he has never attended any meeting of the company; he has never had any interference with the internal affairs of the company; he was hired recently here and it has been an honorary appointment.
- Q. What is his function in the company? A. He is working in the company, generally.
- Q. What department of the company does he work in?

  A. General cargo services.
- Q. You have had—Hellenic Lines has had an office, an effice at 39 Broadway since 1948; that is correct, isn't it? A. No; I would say since 1950.
- Q. But you did business in the United States before that using some other company as your agent? A. Yes, in that company we had a small room.
- Q. But you now maintain offices at 39 Broadway? A. Yes, sir.
  - Q. Under a long-term lease? A. That is correct.
- Q. And that lease will terminate when, sirf A. It was made for ten years, with the option to sub-let the premises because without this long lease the owners of the building would not make the alterations we wanted.
  - Q. When does that lease expire? A. Sometime in '72.
  - Q. 1972 A. Yes.

- Q. Hellenic Lines also owns a pier at the foot of 57th Street in Brooklyn? A. Yes, sir.
- Q. And in New York, you have how many employees in your office, would you say 100? A. Very close.
- Q. And that is approximately the same number of employees you have in the Piraeus office; that is correct, isn't it? A. Yes; a little less.
  - Q. You have a little less in the Piraeus office? A. Yes.
- Q. How many do you have over there? A. Seventy or seventy-five.
  - Q. Seventy? A. Seventy-five.
- Q. And in New York, Hellenic Lines directly employs a large number of American stevedores; that is correct, isn't it? A. You mean longshoremen?
  - Q. Longshoremen? A. Yes.

Mr. Hennessy: Mr. Morewitz, Mr. Callimanopulos indicated that they were American stevedores. We don't know whether they are or not.

Mr. Morewitz: At this point, I object to Mr. Hennessy, who has declined to say whether or not he is a member of the bar, coaching this witness or interfering further with the testimony of this witness who is presently testifying under oath; and at the moment Mr. Hennessy is not under oath.

Mr. Furr: Mr. Hennessy is not testifying, Mr. Morewitz; he only supplied Mr. Callimanopulos with some information. That statement was directed to Mr. Callimanopulos.

Mr. Morewitz: That is exactly my point, Mr. Furr. Mr. Callimanopulos is a witness being interrogated; he has counsel here. I have already indicated that I think it is improper. The Court has disagreed with me on that, but the Court hasn't said that Mr. Hennessy is counsel and can interrupt in this examination; and I object to it.

- Q. In any event, sir, you employ in New York approximately 100 longshoremen would you say? A. You mean the company, not I?
  - Q. The company? A. Yes; very close.
- Q. And the company has an office in New Orleans, has it not? A. Yes, sir.
- Q. And it has had that office how long? A. Five or six years.
- Q. And that office also has a long-term lease; is that correct, sir? A. That, I don't know.
- Q. How many employees would you say are in the New Orleans office? A. About ten.
- Q. Now, in each of the years beginning with 1959 until the present, how many vessels did Hellenic Lines itself own in its own name? A. Now, or—
- Q. I would like to know each of those five years, approximately? A. Which ones?
  - Q. Start with 1959. A. Every year?
- Q. I would like to know for every year—if it varies; if it is approximately the same year? A. I can tell you the present number but I can't tell you when they acquired each vessel.
- Q. How many do you have at present that are owned by Hellenic Lines Limited itself? A. Fourteen.
- Q. How many vessels are owned by Transpacific Carriers Corporation? A. I have to refresh my recollection. I can't answer it; I must look at it.
- Q. You have records here that do indicate that; do you not? A. I can find them.
  - Q. Would you do so, sir?

Mr. Hennessy: (to witness) Shall I get the record.

The Witness: Ask Eddie.

- Q. Now, the operations of Hellenic Lines are divided into three categories—United States north of Hatterss to the Mediterranean; United States Gulf to the Red Sea; and United States Gulf to the Indian Service; is that correct? A. More or less.
- Q. I would like to get what is correct? will you tell me how the operations are divided? A. The operations for the United States—Mediterranean north of Hatteras—Mediterranean—and two more services; one to the Persian Gulf and one to India and Pakistan—you mean operations in the United States?
- Q. Yes, sir; now at this point I am just referring to United States operations. We will get to the others in a second.
- Q. Now, the decision to enter each of these trades was made by you as general manager; is that correct? A. No; by the company in concert with me.
- Q. How did the decisions work out? A. We started first, I think, service only to the Mediterranean—after the war, which service we had also during the war—then I saw possibilities of extending elsewhere. I made a suggestion to the company and they accepted and the rest was to the Persian Gulf and finally to India and Pakistan. The vessels we have are sixteen.
- Q. There are sixteen vessels owned by the Hellenic Lines at the present time; is that correct? A. Yes, sir.
- Q. How many are owned by Transpacific Carriers Corporation at the present time.
- Mr. Furr: Let the record show that the witness is referring to some records now. A. Six.
- Q. And how many are owned by Universal Cargo Carriers Incorporated? A. Seven.
- Q. How many are owned jointly by Universal Cargo Carriers and Transpacific Carriers Corporation? A. I think only one out of the ones I mentioned above.

- Q. How many are owned by any other corporation with which you have a connection other than Hellenic Lines? A. They are owned by 40% Hellenic, I think, and 60% Transpacific, out of this total.
- Q. Are there any other vessels owned by any corporations with which you have a connection? A. No.
- Q. Now, these vessels you have been referring to, are they all the vessels owned by these three corporations or are they the vessels originating from the service—from the United States? A. These are the vessels owned by them.
  - Q. This includes other services then? A. Oh, yes.
- Q. Of these vessels that you have just enumerated, how many are used in service originating in the United States and how many are used in other services? A. Nineteen from the United States and ten from Greece; although also four out of the nineteen may be considered to originate from Greece because that is from where their trips begin when coming to the United States.
- Q. Now, will you give me the names of these four vessels, sir! A. Hollandia, Turkia, Hellas, Athinai.
- Q. Who owns these four vessels—which corporation?

  A. Two of them are owned by Hellenic.
  - Q. Which two, sir? A. The Hollandia and Turkia.
- Q. Who owns the other two? A. Transpacific owns the Athinai and Hellas.
- Q. Now, the other fifteen vessels that are operated from the United States, will you give me their names, please, and their owners? A. Gregorios C. III, Hellenic Beach, Hellenic Sky, Hellenic Sailor, Hellenic Splendor, Hellenic Star, Hellenic Wave, Hellenic Glory, Hellenic Spirit, Hellenic Torch, Hellenic Leader, Hellenic Destiny, Hellenic Hereo, Hellenic Laurel, Hellenic Pioneer.
- Mr. Reid: (to witness) You said that in connection with the question that was framed in this way to you by Mr. Morewitz that these fifteen—

Mr. Morewitz (interposing) Just a second. Mr. Reid is attempting now through his direct examination type of examination of this witness—he is entitled to do that after I get through with my examination; he is not entitled to examine this witness at this time, and I strenuously object to Mr. Reid's either examining this witness at this time or suggesting possible answers to this witness. This witness is being interrogated and not Mr. Reid.

- Q. May we have the owners of these fifteen vessels? A. The first seven are owned by Hellenic Lines; the next four by Transpacific Carriers; and the last four by Universal.
- Q. Now, to revert to this decision as to entering each of these trades from the United States—

Mr. Reid: I object to the form of the question.

Q. (continuing) You were telling us before you initially had a trade United States north of Hatteras to the Mediterranean which had been in existence sometime during World War II and that at the conclusion of the War—this was the trade that you had here and that sometime later you saw the possibilities of expanding this trade and that the trade was thereafter expanded first United States Gulf to the Red Sea and then later United States to India; and you were telling us how this expansion took place when these statistics on these vessels were brought in (a document having been brought into the room). Will you continue to tell us how this expansion came about?

Mr. Reid: Just a minute. I object to the form of the question. I object to your erroneous summation of the witness' testimony; and I instruct the witness not to answer. You can certainly ask a simple question and it will be answered.

Mr. Morewitz: (to reporter) Will you read the question to the witness and see if the witness refuses to answer in view of this Court order.

Mr. Reid: I am telling the witness not to answer.

Mr. Morewitz: The witness is the one who faces the consequences, Mr. Reid, and not you; unless you want to come to Court and you can face the consequences. (To reporter) Will you read the last question to the witness, please.

Mr. Reid: I have objected to the form of the question, and also on the ground that it is not an accurate summary of his testimony that you gave. The record speaks for itself, not what Mr. Morewitz wants to interpret the record to say, and I instruct the witness not to answer; so, we will let the record speak for itself.

- Q. Do you understand the question, Mr. Witness? A. Yes. You have the answer from Mr. Reid.
- Q. You also understand that you face a possibility of having the pleadings of these defendant corporations stricken because of your not answering these questions.

Mr. Reid: Please don't instruct our client as to what the law is; we will instruct him as to what the law is, Mr. Morewitz.

Mr. Morewitz: You seem to be instructing him as to what the facts are, Mr. Reid.

Q. Do you intend to answer this question, Mr. Witness, or do you intend to decline to answer? A. I am following the advice of my counsel. I will confine myself to what I have previously stated.

Mr. Morewitz: And at this point, we move the Court, when this matter is presented, to strike the pleadings of these three respondent corporations because of the refusal of its managing agent to answer questions on dis-

covery depositions taken pursuant to Order of the Court, after the previous refusal of these respondent corporations to produce this witness for examination in November and December. However, we will continue to struggle on as best we can with what other questions this witness might care to answer.

Mr. Furr: Mr. Morewitz, you can make any motions later. I suggest we not waste time with the motion now; you can make your motions later.

Mr. Morewitz: Just so that no one will be under any misapprehension as to what I intend to do—I have made my statement and we will now proceed.

- Q. Now, when did you first conceive of the idea that it might be profitable to have a trade from the United States Gulf to the Red Sea? Where were you at that time? A. Here.
  - Q. In the United States? A. Yes.
- Q. And when did you first conceive the idea that it might be profitable to have a trade from the United States to India; where were you at that time? A. Here.
  - Q. In the United States, sir? A. Yes.
- Q. And each time these decisions were made, you had the major beneficial interest in the stock of Hellenic Lines; is that correct? A. Yes; not perhaps to the same extent.
- Q. But it was still the major beneficial interest? A. Yes.
  - Q. Was it a majority beneficial interest? A. Yes.
- Q. So the key decisions that you made were bound to be the decisions that the company would follow; isn't that correct?

Mr. Reid: I object to the form of the question. It is calling for a legal conclusion and opinion of the witness; and I instruct him not to answer.

Q. I ask the witness whether he cares to answer or wishes to decline to answer? A. I don't think the question calls for an answer.

Q. Do you understand the question, sir? A. Yes.

Mr. Morewitz: I will repeat my motion for default; and we will proceed.

Q. Now, when these decisions were formally ratified by Hellenic Lines—

Mr. Reid: I object to the form of the question.

Q. Let me ask you first, were they ever formally ratified by Hellenic Lines?

Mr. Reid: I object to the form of the question. You know better than to ask him these type of questions, Mr. Morewitz.

Mr. Morewitz: I am entitled to ask him leading questions.

Mr. Furr: But there is no evidence that any ratification took place.

Mr. Reid: I am objecting to the question as calling for a legal conclusion. This is a lay witness; he is not a lawyer. This is lawyer talk; you know it is lawyer talk.

Mr. Morewitz: Reading from the transcript, I think he does a lot better than some lawyers I know.

Mr. Reid: We were going along pretty well when you were asking proper questions; I don't know why you are getting off on this tangent, except to try to make some record here. If you go along and be a lawyer, like you are a lawyer, we will get somewhere.

Q. Mr. Callimanopulos, after you first conceived that this trade—United States Gulf to the Red Sea might be profitable, what did you do with regard to implementing that idea? A. I think I was in Greece. I went to Greece and set out my views which were eventually accepted.

- Q. Was there a formal meeting of the board of directors at that time? A. I don't remember.
- Q. Do you keep minutes of the board of directors when you do have meetings? A. Yes; but while I'm there nothing is kept in an official way.
- Q. In other words, essentially what happened is that you said "I think this is a good idea" and everybody else said "We think so too!" A. Yes, sir; I expressed my views and they accepted my suggestions.
- Q. And the suggestion came from the man who had the major beneficial interest in the corporation; is that correct? A. That doesn't mean anything; in a corporation there are other interests.
- Q. Whether that means anything or not—that was a fact, was it not? A. That doesn't call for an answer.
- Q. Now, who else was present at that time? A. Most of the directors of the company.
  - Q. Was Mr. G. P. Callimanopulos? A. No.
- Q. Was Mr. Tagaris present? A. He may have been there.
  - Q. Was Mr. Antonopulos present? A. Yes.
- Q. Now, besides the services from the United States, you also have one or more other services; is that correct? A. Right.
- Q. What are those services that Hellenic Lines operates? A. The Hellenic Lines—yes—one is from the northern part of Europe to the northern part of the Mediterranean and the Black Sea; and the second one, again from the northern part of Europe to the south part of the Mediterranean Sea; and the third service from the same area to the Red Sea which has been discontinued.
- Q. So, you only have two services; is that correct?

  A. Right now, yes.

- Q. Are these two services—the operations are directed from London, is that correct? A. No; from Piraeus.
- Q. What function does Mr. Tagaris have in England? A. He is supervising the operations of those services on that side of the world.
- Q. He supervises the services in Europe; is that right?
  A. Yes.
- Q. Now, besides the vessels that we have previously enumerated that are owned by Hellenic Lines, Universal Cargo Carriers and Transpacific Carriers—Hellenic Lines during the last five years has also operated vessels under other flags; has it not? A. Yes; eventually; chartered.
  - Q. What other flags were they? A. Any flag.
- Q. Principally English and German, weren't they? A. I couldn't tell you; any flag.
- Q. Any flag that was available? A. Yes; it was more or less a requirement—if a vessel of ours was late and couldn't make a certain date, we could go out and take temporarily another vessel.
- Q. How many times would this occur a year in each of the last five years would you say? A. L. couldn't tell you. Right now, we have none.
- Q. But there are records that show how often this happened; are there not? A. Yes; I can dig them out. Right now, we have none.
  - Q. How about in 1959? A. I couldn't tell you.
  - Q. 1960? A. I couldn't tell you.
- Q. But there are records available that will give that information? A. Oh, yes; that's right.
- Q. Are these records here in New York? A. Well, we have records; we know what vessels they are.
- Q. I request that you obtain that information, sir, before this deposition is concluded. (pause) Now, on the vessels that are owned by Hellenic, Transpacific and Uni-

versal, a fairly substantial amount of annual dry docking and maintenance is done in the United States, is it not? A. Not quite.

- Q. Would you say that twenty percent of it is done in the United States? A. Our tendency right now is not to do any in the United States.
- Q. I understand that; but as a matter of fact over the past fife years it has averaged about twenty percent a year hasn't it? A. In the United States?
  - Q. In the United States? A. Maybe.
- Q. You have records that do show whether or not that is correct? A. It is difficult to establish what you say.
- Q. Don't you keep records on each vessel? A. You can't possibly establish where each vessel carried out its occasional repairs.
- Q. You can establish though where each vessel has its annual dry docking? A. If need be, yes; but I told you that recently we do all that abroad.
- Q. In 1960, did you do it all abroad? A. I couldn't tell you. Now, those ships calling in Greece, we do everything in Greece—and now recently we do—for quite some time, we are bound to do repairs abroad.
- Q. But there are records available in this office that show that annual dry docking on the nineteen vessels that operate in the United States—where they had their annual dry docking? A. Yes, we can find that.
- Q. Now, for the finances handled in regard to freights; where are the freights collected and where are disbursements made? A. Where paid?
- Q. There is a pattern on that—you don't run tramp service! A. No.
  - Q. You run regularly scheduled cargo service? A. Yes.
- Q. And as a pattern, I asked where they are paid—not available? A. If it is freight payable abroad, it is very

simply collected abroad. If it is people here, it is collectible here.

- Q. During the course of any year, what percentage of freight would you say is collected in the United States and what percentage is collected abroad? A. That isn't easy to answer.
- Q. Would you say more than fifty percent of the freight is collected abroad, usually? A. Maybe.
- Q: Would you say that more than seventy-five percent of the freight is collected abroad, usually? A. I couldn't tell you. You are asking a question that I have never dealt with before.
- Q. Who has charge of the financial arrangements in Hellenic Lines; who supervises the collection of freights and general financial matters? Do you have a comptroller or auditor? A. We have a treasurer—an accountant.
- Q. Who is in charge of that—the treasurer? A. The treasurer must know where freights are payable.
  - Q. Who is the treasurer? A. Mr. Cajzer.
- Q. What is his address? A. I couldn't tell you. I must find it for you.
- Q. Does he live in the United States or abroad? A. In the United States.
- Q. His office is at 39 Broadway where your office is located? A. He is an employee here.
- Q. He is a citizen of the United States? A. Yes—presumably; I don't know exactly, but I think the he is.
- Q. Now, when was Transpacific Carriers Corporation incorporated, if you remember? A. I don't know.
  - Q. Would 1956 seem about right? A. Maybe.
- Q. There are records maintained that do show where this corporation was incorporated, are there not? A. Yes.
- Q. Are those records in New York? A. Yes; I can find out when it was incorporated.

Mr. Furr: I believe we answered that in interrogatories, giving you the exact date.

- Q. Now, when Transpacific Carriers Corporation was incorporated, whose idea was it to have this corporation formed? A. It was a general idea as a result of a law that was enacted in Greece for foreign citizens and corporations to own vessels under the Greek flag.
- Q. I understand that is permissible. Who conceived the idea that this corporation be incorporated? A. A general practice, I should say.
- Q. Not altogether a general practice, is it, sir, when you have a large number of vessels? A. It was a general practice before that date for Greek vessels to be owned by foreign corporations.
- Q. But Hellenic Lines is a Greek corporation, is it not?

  A. Yes.
  - Q. It has existed for a good many years? A. Yes.
  - Q. And it owns vessels in its own name? A. Yes."
  - Q. Flying the Greek flag? A. Yes.
- Q. In 1956 someone got the idea that this Panamanian corporation should be formed? A. The Greek government did it.
- Q. The Greek government got the idea to form this Panamanian corporation? A. To permit to establish by law for Greek flag citizens to be owned by foreign citizens.
- Q. Who decided to form Transpacific Carriers Corporation? A. Because everybody was doing it, we decided to do it.
  - Q. Do you mean you decided to do it or Mr. Tagaris—who? A. All of us.
- Q. And at that time you were in New York, is that right—living in New York or Connecticut? A. I couldn't tell you whether at that time I was right.

- Q. Now, when you decided to form this corporation—you and your associates—who was employed to draw up the corporation papers; was it a lawyer here in New York or a lawyer elsewhere? A. Here in New York.
- Q. Now, this corporation Transpacific Carriers Corporation has a registered office in Panama, but it actually has no office in the sense that Hellenic Lines has an office here in New York? A. No.
  - Q. No shipping business conducted in Panama? A. No.
- Q. Now, when Universal Cargo Carriers was incorporated, did the same situation take place there? A. Yes.
- Q. Was it also a New York lawyer in that instance who drew up the corporation papers? A. Yes.
- Q. And that corporation likewise has no office in the usual sense of the word. It has a registered office but it dees not conduct any business down in Panama? A. Right.
- Q. Who are the officers of these two corporations? A. I can't say that in an offhand way.
- Mr. Furr: We have given you the officers of Transpacific Carriers and will give you the others.
- Q. Do these officers actually have anything to do with the operation of the vessels that are owned by their respective corporations? A. Not exactly.
- Q. Are any of these officers residents of the United States? A. I couldn't answer that either.
  - Q. Do you know what their occupations are? A, No.
- Q. Now, there is an agreement, is there not—first, is there an agreement in writing between Transpacific Carriers and Hellenic Lines regarding the operation of those vessels owned by Transpacific Carriers Corporation? A. Yes, sir.
- Q. Is there likewise an agreement in writing between Universal Cargo Carriers, Inc. and Hellenic Lines? A. Yes, sir.

- Q. Where were those agreements signed? A. In Greece.
- Q. By all parties? A. It was signed in Greece and then registered in Panama.
  - Q. There were no signatures in Panama? A. Yes.
- Q. There were signatures in Panama? A. Signed in Panama and in Greece and registered, both in Panama.
- Q. Now, do you have in New York either the original or copies of those agreements? A. I think I have both.
- Q. Do you have in New York either the original or copies of the articles of incorporation of each of these corporations? A. I think so.
- Q. Do you have in New York the minutes of the stock-holders and boards of directors of these Panamanian corporations or copies thereof? A. No; I don't think so.
- Q. Now, what is the relationship between Hellenic Lines and Fenton Steamship Company? A. None.
- Q. No relationship whatsoever? A. You mean corporation—but no financial relationship.
  - Q. No financial relationship? A. No.
- Q. It is not a subsidiary? A. No—(pause) You mean a subsidiary of Hellenic?
  - Q. Yes! A. No.
- Q. However, you are a partner in Fenton Steamship Company? A. Yes.
- Q. Mr. Tagaris is a partner in Fenton Steamship Company? A. Yes.
- Q. Who has the majority beneficial interest in Fenton Steamship Company?

The Witness: (to his counsel) Do I have to answer this question?

Mr. Furr: Mr. Morewitz, what relevancy has the Fenton Steamship Company in this? They don't come into any of these cases as far as I know; unless the relevancy is explained, I am going to object.

Mr. Morewitz: This witness has previously testified that Fenton is a subsidiary of Hellenic.

Mr. Furr: That has nothing to do with these cases, Mr. Morewitz, and I object to it.

Mr. Morewitz: Is the witness going to answer or isn't he?

Mr. Reid: I instruct the witness not to answer; there is no relationship of this Fenton Steamship Company to any of these cases.

Q. Will the witness state whether he is going to answer?

A. On the advice of my counsel, no.

Q. What employees does Transpacific Carriers Corporation have other than the three officers—president, vice president and treasurer—any? A. Employees?

Q. Yes, sir! A. I don't know of any.

Q. What employees does Universal Cargo Carriers have other than its three officers! A. I do not know of any.

Q. Now, when the operations of the vessels owned by Transpacific Carriers Corporation result in profits, how are those profits transmitted to Transpacific Carriers Corporation? A. Unfortunately, there have not been any.

Q. The other way around—if there are losses, how are those losses made up—in what manner? A: Brought forward.

Q. They take the form of checks for money? A. No; just brought forward.

Q. Just brought forward. I see. How about in the case of Universal Cargo Carriers Corporation? A. Also they don't have any profits.

Q. In no year since they have been formed; is that correct? A. Right.

- Q. Now, as general manager of Hellenic Lines, Limited, you are the principal executive officer of Hellenic Lines? A. No.
- Q. Who is the principal executive officer? A. The president.
- Q. Percentagewise, how does your salary compare with the salary of the president; is it more or less? A. I am sorry to say I am not receiving anything.
- Q. Does the president have the authority to overrule any decision that you might make? A. It is a matter of a majority of the board of directors.
- Q. And the power rests with the board of directors rather than with any one individual officer; is that right? A. Yes.
- Q. Who appoints the board of directors? A. The stock-holders.
- Q. And you are the principal stockholder ultimately? A. Yes.
- Q. Now, how is the—broadly speaking, the operation of Hellenic Lines in New York organized? You are the general manager, I understand, and under you there are various department heads; is that correct? A. Yes.
- Q. What are these departments—the major departments? A. Traffio, Accounting—Traffic divided into inward and outward—Claims, Technical; that is all.
- Q. Now, these departments are directly responsible to you as general manager; is that correct? A. Yes; they are referred to me.
- Q. Now, is there any duplication of these departments with other departments of Hellenic Lines in any other place in the world? A. Certainly. Each department corresponds with the corresponding department in Greece, direct.
- Q. Who is the Traffic Manager of Hellenic Lines, Limited—the over-all traffic manager? A. Where?

- Q. New York—the New York traffic manager; who is the principal traffic manager of Hellenic Lines! A. There is one here and—the principal one would be Mr. L. Antonopulos in Greece.
- Q. How does the dollar volume of business originating or terminating in the United States of Hellenic Lines and its subsidiaries compare with the dollar volume of business originating or terminating anywhere else in the world percentagewise? Would you say that more than fifty percent of the business of Hellenic Lines and its subsidiaries originates and terminates in the United States, or less than that? A. Less; far less.
- Q. Would you say twenty-five percent? A. I couldn't say exactly, but it is less than that because you have one service that has nothing to do with the United States; and then you have India which is one of our main sources of freight.
- Q. The question is, the percentage of dollar volume of business originating or terminating in the United States—both? A. That is more than fifty percent I would say; but if you want to know separately about according to the origin of freight—the freight of origin other than the United States is larger than the one of the United States?
- Q. More freight originates and terminates in the United States than originates in any other country; is that correct? A. That question is complicated and not clear.
- Q. First, more business terminates in the United States than terminates in any other place; is that correct? A. No.
- Q. Does Hellenic Lines maintain a statistical record of an origin of its freights? A. Not statistical; no.
- Q. Just the general financial records you maintain. This gentleman whom you have previously mentioned—you said he was the treasurer; he is the gentleman who would

have the records pertaining to what freights terminate in the United States? A. Not quite.

- Q. Who would have that information? A. The Accounting Department.
  - Q. The Accounting Department? A. Yes.
- Q. Who is in charge of the Accounting Department? A. Mr. Arnold.
  - Q. He is here at 39 Broadway! A. Yes; he works here.
- Q. He is an American citizen as far as you know? A. I don't know.
- Q. You have a well-organized system of advertising the services of your corporation. What percent of the advertising dollar that you spend is spent on advertising in the United States as opposed to advertising elsewhere? A. I couldn't tell you.
- Q. Would Mr. Arnold be able to tell us that? A. No; because we don't have the accounts from Greece—the particulars of the Greek accounting.
- Q. Now, as a ship-owner residing in the United States since 1945, you are generally aware, are you not, of the provisions of 46 U. S. Code, Sections 596-597, pertaining to the payment of wages to seamen on foreign flag vessels in the United States? A. I do not know what you mean by that. What does that refer to?

Mr. Furr: I am going to object to this line of questioning, Mr. Morewitz; it is calling for a legal opinion by the witness, and it is the same type of question that the Court said Mr. Hennessy did not have to answer. I don't think this witness should have to answer legal conclusions here.

- Mr. Morewitz: I think this witness is in a different position from Mr. Hennessy.
- Q. I will ask the witness whether or not he understands generally that any seaman discharged in the United States

on any flag vessel whatsoever is required under American law to be paid for wages within four days after he is discharged or within 48 hours after cargo is discharged?

A. We never discharged any of our seamen in the United States.

- Q. Do you know that that is the American law, sir—whether you do or do not discharge them? A. We never discharged any in the United States, and if any were to be discharged they would have to be paid at the time of discharge at the Greek consulate.
- Q. Now, what is the procedure when a seaman on one of the vessels owned or operated by Hellenic Lines or by Transpacific Carriers or Universal Cargo Carriers wants to send an allotment; how is the allotment procedure handled physically? A. The captains give instructions to our Piraeus house to pay the amounts involved.
- Q. No correspondence or checks in regard to allotments are handled through the office here in New York, is that correct? A. No, the captains send the list of allotments directly to Piraeus to pay to the men's families directly, and the captains issue orders on our Piraeus house to pay such orders.
- Q. Now, if a captain on a pay account has a notation "under allotment at New York, so many pounds or so many dollars" that just means that is the place he sent the letter, to Greece, is that right? A. I repeat the mechanics. The captains give an order to each man involved, made payable to his counterpart in Greece by our Piraeus house.
- Q. You mean, the captain gives a draft, is that it? A. Yes, and at the same time sends a list to our piracus house of the orders he issues for checking purposes.
- Q. Now, when these drafts are paid, are the original maintained by your office in Greece? A. Yes, in Greece.
- Q. Showing the date of payment? A. The recipient signs to have received the amount.

- Q. Do you know a Dr. Aristides Larsos? A. Yes.
- Q. Is he a relative of yours? A. No.
- Q. Is he a relative of any officer or director of Hellenic Lines? A. I don't think so; not that I know of.
- Q. What, if anything, did you personally have to do with Mr. Soterios Hiotis when he left the vessel? A. Nothing; I personally, nothing.
- Q. Did you have anything personally to do with Mr. George Tasson? A. I don't know the name.
- Q. Did you have anything personally to do with Mr. Michel Mihalarios? A. I do not remember.
- Q. I hand you, sir, an envelope and I ask you if you recognize this? A. Recognize what?
- Q. The envelope and the postage identification on that envelope as being an envelope that originated from Hellenic Lines? A. It looks so.

Mr. Morewitz: I ask that this envelope be marked Libellant's Exhibit 1 of this date.

(The envelope referred to was so marked by the reporter.)

Q. I hand you another envelope and I ask you if you recognize this as being an envelope having its origin with Hellenic Lines? A. Yes, I do. I have heard of collections being made of postage stamps, but not of envelopes.

Mr. Morewitz: I ask that this be marked Libellant's Exhibit 2 for Identification of this date.

Mr. Furr: Unless these are connected at some later date, we are going to object to both of these exhibits.

(The envelope referred to was so marked by the reporter.)

Q. Let me ask you, Mr. Callimanopulos—Hellenic Lines does have envelopes which it uses regularly reading in the

upper left-hand corner "Hellenic Lines, Limited, 39 Broadway, New York 6, New York"; that is correct, is it not? A. No, they are not; this is part of the postage stamp. (indicating)

- Q. I am talking about the left-hand corner? A. This? (indicating)
- Q. This is an envelope that you use regularly, is that correct, in that length? A. It looks so.
- Q. The envelope you use generally have that wording?

  A. It is an envelope that somebody could have gotten by going to our printer and getting dozens of them or stolen some from our office.
- Q. But the envelopes you do use have this wording; is that correct? A. Right.
- Q. And the postage machine that you used bears the wording shown on these two envelopes "Hellenic Lines—Regular Services between U.S.A. and Mediterranean/Red Sea, Arabian Gulf/India;" that is correct? A. Yes. I will add there is nothing to convince anybody that this—these envelopes were used for the company's own business. It could very well have been affixed by someone in this office and mailed.
- Q. How many Hellenic Line vessels have been inspected and certificated, carrying passengers, by the U. S. Coast Guard? A. Several; a restricted number of passengers.
- Q. Would you say that ten have those certificates? A. At least.
- Q. Would you say that all of the vessels? A. All the vessels trading from here—calling at the American posts as a gule can carry passengers.
- Q. And as a rule they have been certificated as such by the U. S. Coast Guard? A. Yes; but I repeat, they carry a restricted number of passengers.
- Q. I hand you a paper and I ask you if you recognize that as a type of ad that is run by Hellenic Lines almost

daily in newspapers in the United States? (indicating) A. Not daily; occasionally—because it is very expensive.

- Q. At least once a week, wouldn't you say, sir A. No; not even—anyhow, it is inserted.
- Q. Now, since the Grigorios C. has been owned by Hellenic Lines, it has only operated on voyages that either began or end in the United States; isn't that right? A. Yes; not exclusively.
  - Q. Almost exclusively? A. Yes.
- Q. Now, during the time Mr. Mihalarios was employed aboard the Grigorios C. when and where did the articles of that vessel begin and close? A. All the articles on our vessels begin and end in Greece.
- Q. Even when the vessel starts out in Germany? A. Yes, sir.
- Q. And that is where it was built! A. She was built, to the best of my knowledge, in the United States.
- Q. When you take delivery of a vessel in Germany, if she is built there, the articles are still open in Greece rather than in Germany? A. They go through the Greek Consul at Germany; that has nothing to do with the Grigorios.
- Q. But anyhow in the case of the Grigorios you went through the Greek Consul in New York, did you not? A. When?
- Q. First, initially when you bought the vessel in the United States? A. When (pause) 1948?
- Q. In 1963, fifteen years later, in January, you closed a set of articles and you opened a set of articles in New York? A. No; all our articles are closed and opened in Greece.
- Q. I hand you, sir, a paper which is in the Greek language, with English translation attached, and I ask you whether this paper sets out the facts in regard to articles

on the steamship Hellenic Glory? A. I. thought we were talking about the Grigorios. Now, we are jumping to something else. What is the question now? You gave up the Grigorios. What is your question now?

Mr. Morewitz: Will you read the question, Mr. Reporter?

(The reporter read the question, line 25, page 46.)

- Q. Do these two photostats set forth the facts with regard to articles on the Hellenic Glory during the employment of Mr. Hiotis, if you know? A. Now, this part, according to what you have here, the authenticity of which I can't guarantee or check—has been discharged in Greece.
- Q. Yes, sir; but that paper also shows that the articles of that vessel were closed in New York and new ones opened in New York? A. No; this man has signed on in New York and was discharged in Greece.
- Q. Will you look at the photostat underneath the one you are looking at now—the other page? A. There is something wrong. There is no name mentioned in any of the papers you are producing here—no name of a man. One says that a "certain un-named person" has been signed on in New York on March 9, 1962, and that he has been discharged—again without mention of the name of any person, in Greece, at Heraklion—in Greece.
- Q. And it also says that he was signed on ship's articles in New York No. 87/1961? A. Shall I refer to the second photostat copy of something that you have here?
  - Q. Is that what it says? A. (No response.)

Mr. Morewitz: I ask the reporter to mark these photostats as Libellant's Exhibits No. 3 and 4 for Identification as of this date, so that the record will show which photostats we are talking about, and then I will ask Mr. Callimanopulos some questions in regard thereto.

Mr. Reid: We object to them since there is no name or any signature apparently on these documents, according to Mr. Callimanopulos.

Mr. Morewitz: There isn't. I agree with you. Mr. Callimanopulos is surprised as to how a Greek seaman's book looks and is registering his surprise. I don't blame him. I was surprised the first time I saw one.

The Witness: It is the most peculiar thing I have seen in my life. You produce these things, I don't know for what purpose.

There is no name of any person being involved. The only thing that it says is that somebody signed on as a seaman in New York and was discharged in Greece; and the second, that somebody—again without a name—signed on in Khanea and was discharged in New York.

I must make clear that to the best of my knowledge all our articles are drawn up in Greece because all our ships, even those trading beyond the Suez Canal, call at the Greek port either way.

It is only as a result of sickness or an accident that a person may temporarily be discharged in New York or elsewhere for treatment or repatriation as a result of such sickness or accident.

- Q. We are in agreement, are we not, Mr. Witness, that this paper which has been marked Libellant's Exhibit 3 for Identification of this date says that this person was employed—— A. (Interposing) Which person?
- Q. We will come to that in a minute. Let's do one thing at a time and ask the questions and we will make better progress. A. If you have similar documents, we can never make progress on anything.

Mr. Furr: Mr. Morewitz, he has translated it for you.

Mr. Morewitz: No, he hasn't; he has evaded the question and I am going to pin him down.

Q. I repeat, sir, we are in agreement, are we not, Mr. Witness, that this paper which has been marked Libellant's Exhibit 3 for Identification of January 10, 1964, shows that a seaman was employed at New York on March 9, 1962 aboard the Hellenic Glory in the capacity of AB under ship's articles numbered New York No. 171962?

Mr. Reid: I object to the question; it presupposes that the ship's articles which have not been produced—you are asking him to make a comment or give testimony about a document which is not before him; and you are asking him whether or not he is in agreement. We don't care whether he is in agreement with you or not. It is improper as to form. You are showing him a document you haven't asked him to identify. There has been no evidence here that this is a document from any person or any agency or any corporation.

Q. (Continuing) Is that what that paper says, Mr. Witness?

Mr. Reid: The paper speaks for itself.

Q. Is the witness going to answer the question or is he going to decline to answer? A. It is the most fantastic—

Q. Just tell me what the paper says?

Mr. Reid: I object to your asking him to translate it for you. If you do, pay him a fee.

A. What do you want me to answer?

Mr. Morewitz (to reporter): Will you read the question?

(The reporter read the question, line 21, page 50.)

A. The number doesn't call for a number.

Q. "Ship's Articles" and will you read that line? (indicating to the witness.) A. Where is the number?

- Q. No. 17—right after it—and then the words in Greek say "New York"? A. I challenge the authenticity of this exhibit so long as there is no name of any seaman mentioned.
- Q. Are you familiar in any way with Greek seamen's books, Mr. Witness? A. Yes.
- Q. I hand you another paper and I ask you if you can identify that paper? (indicating.) A. I just see it.
  - Q. Do you know what it is?

Mr. Reid: We don't admit the authenticity of this paper (referring to the paper Mr. Callimanopulos the witness is holding in his hand).

Q. Do you know what it purports to be?

Mr. Reid: The document speaks for itself.

- A. It just speaks for itself. Do you want me to translate it for you?
- Q. Have you ever seen any similar paper before? A. Not I personally.
- Q. Not necessarily with that name, but in that form? A. I have not seen it.
- Q. You have never seen a Greek seaman's book before?
  A. This is not a Greek seaman's book.
- Q. This isn't the first page of a Greek seaman's book; is that correct? A. No; I don't know.
- Mr. Morewitz: I ask that this document which Mr. Callimanopulos is unable to identify as the first page of a Greek seaman's book be marked as Libellant's Exhibit 5 for Identification.
- Mr. Furr: We object since the witness cannot identify the sheet of paper.

(The document referred to was so marked by the reporter.)

Q. I hand you a paper bearing the seal of the United States Consulate in Greece and I ask you if you can identify the signatures on this page which I will have the reporter mark one, two and three (pause). Let the record show that the witness, instead of examining the signatures, is proceeding to examine the document from the first page. He is studying it very intently, but he is not looking at the signatures.

Mr. Reid: We object to the form of the question since there has been no foundation laid in the form proposed and we object to counsel's unilateral remarks.

A. There are only two signatures, not three. To the best of my knowledge, this is the signature of our Mr. Pangos.

Q. What is the position of Mr. Pangos, sir, with Hellenic Lines? A. He is managing director, as I have already told you.

Q. It says here he is "vice president"; is he mistaken?
A. (no response—witness shrugs.)

Q. The witness shrugs. Is Mr. Pangos mistaken when he states he is merely the vice president? A. I consider the managing director as the vice president to be the same thing so far as Greek corporations are concerned.

Q. But there is a corporate book somewhere that shows the exact title of Mr. Pangos, is there not? A. The corporate book has since been amended.

Q. It has ! A. Yes.

Q. When was it amended, sir; when was this corporate book amended? A. I don't remember.

Q. Recently or a long time ago? A. I don't remember exactly.

- Q. Within the past year or more than a year? A. I don't remember exactly; it must be more than a year.
  - Q. More than a year? A. Yes.
  - Q. Certainly it is more than a month ago? A. Yes.
  - Q. More than six months? A. I think so.
  - Q. More than two years ago? A. I don't know.
- Q. But there is a record that we could establish this from? A. Certainly; from the company proper in Greece.
- Q. Now, when Mr. Pangos says, under oath, that "respondents admit that new ship's articles were opened at New York on March 9, 1962 at New York, New York"—when he says that he is mistaken; is that correct? A. I don't know.

Mr. Reid: I object to the form of the question.

Mr. Furr: I object to it; it is taken out of context and is just part of the whole answer.

Q. No matter what he says, you say there were no articles ever opened in New York; is that right?

Mr. Reid: You know it is improper to ask a witness whether or not he agrees or disagrees with another witness.

- Q. There are corporate records that show what taxes are paid to the Greek Government each time a set of articles are closed or a new set of articles is opened; that's right, isn't it? A. That is done in Greece; never here. We never paid a penny here for articles.
- Q. There is a record, and that record shows when the articles opened and closed? A. I tell you we never paid a penny here. That I must emphatically say—we have never paid a penny of those taxes here; they are all paid in Greece.

- Q. Have you ever seen the seal of the Greek Consulate Office in New York—the stamp seal, a rubber stamp seal?

  A. I must have seen stamps.
- Q. Does this seal on these papers which have been previously marked Libellant's Exhibits 3 and 4 for Identification look to you like the seal of the Greek Consulate at New York? A. I couldn't tell you.
- Q. Where is the Hellenic Glory at the present time, to the best of your knowledge? A. In the United States; some port in the United States.
- Q. Is there any reason why you cannot obtain a photostatic copy of the articles of the Hellenic Glory presently in effect? A. I can obtain them if so directed by proper authority.
- Q. I call your attention to this order under which you are testifying, Mr. Witness.

Mr. Furr: Read the order, Mr. Morewitz.

Mr. Morewitz: It says "Such records as may be available in the office of Hellenic Lines, Limited, 39 Broadway, New York, New York, may be called for production by Proctor for either party, but if such specimen document or copy thereof is not available, it may be described by the witness in general terms and may thereafter be subject to the ruling on a motion to produce. As to any document available in the New York office of respondent where, if objection be made to the disclosure of said document, or any part thereof, said document shall, upon request of any party, be forwarded or delivered to this Court for inspection in camera."

(To reporter) I ask you to read the outstanding question to this witness and see if we can get an answer from him rather than a question.

(The reporter then began to read back the questions and answers beginning with line 16, page 55.)

Q. I ask you, Mr. Witness, will you make a copy of those articles available?

Mr. Reid: Which articles are you talking about?

Mr. Morewitz: The ones presently in effect on board the Hellenic Glory which the witness says is presently in the United States.

Mr. Reid: What has that got to do with this case?

Mr. Morewitz: They replaced the articles and they replaced them in the United States; and you knew it, Mr. Reid, if your memory is good, that they replaced the articles the last time we were here—and that showed that they were changed in the United States.

Mr. Furr: Mr. Morewitz, it only refers to the records that may be available in the office of Hellenic Lines in New York, and the witness has stated that the articles are aboard the vessel.

Mr. Morewitz: They are available and we called for them and he declines to produce them and we will take the appropriate action. I don't want this witness or any other witness in this case to keep on doing away with documents. We had the old documents available, then they weren't available; and now we are going to have them.

Mr. Furr: I am instructing the witness not to answer the question since this is not covered in the Court's Order. Mr. Morewitz can file a motion for production if he so desires; and I move to strike Mr. Morewitz' comments about documents disappearing since there is no evidence of such.

Q. Where are the articles of the Hellenic Glory that were in effect when Mr. Hiotis was employed on board the vessel? A. I don't know when he was employed or where the articles are.

- Q. He was employed from September 24, 1961 and discharged September 7, 1962, according to this statement sworn to by Mr. Pangos! A. I don't know where they are. The only answer is, generally, that when closed they are returned to Greece, to the Ministry.
- Q. Does your corporation maintain records showing what disposition you have made of these articles? A. No; I think the articles are kept by the Consulate or Greek employees of the Greek Ministry, and then I think the owners are called upon to pay the taxes. (Pause) Gentlemen, it is five o'clock.

Q. Does your corporation-

The Witness: I am 72 years old, and I am sorry, I cannot stay beyond five o'clock under my doctor's orders.

Mr. Reid: Are you under doctor's orders, Mr. Callimanopulos?

The Witness: Right.

Mr. Morewitz: He is under Court Order too. (To witness) When are you going to be back-

The Witness: I can be available Tuesday at three o'clock.

Mr. Morewitz: I have another engagement Tuesday afternoon to see another witness. I came up here under this order for this witness to be produced at ten o'clock this morning; he wasn't produced until two-thirty this afternoon. I am going to be here tomorrow. This witness can come back here tomorrow. I am going to be here Monday morning and Monday afternoon—all day Monday. I am going to be here Tuesday morning. At the conclusion of the other deposition that I am taking Tuesday afternoon, I have another engagement in Newport News and I am leaving here. This gives this witness adequate op-

- 10

portunity to adjust his schedule into somebody else's convenience. This examination was supposed to have been had at ten o'clock this morning; at Mr. Furr's insistence that the time be extended until two o'clock this afternoon at which time he could produce this witness—I don't have to stay up here forever for this witness to testify and I don't intend to.

Mr. Furr: Mr. Morewitz agreed to postpone it this morning from ten o'clock; it was by agreement.

Mr. Morewitz: The agreement was that he was going to produce him tomorrow morning or Monday morning. (To Mr. Furr) You deny that, Mr. Furr?

Mr. Reid: I would like the record to show that Mr. Morewitz is now standing up yelling and screaming.

Mr. Morewitz: I want Mr. Furr to tell me that he didn't promise to produce this witness either tomorrow or Monday if he couldn't finish up today?

Mr. Furr: Mr. Morewitz, I am not the witness in this case.

Mr. Morewitz: I am asking you now to deny it on this record.

Mr. Furr: I am not denying anything. We said we would produce the witness later if we didn't finish. I believe a full discovery has already been completed today and all essential questions have been covered. I think it should be terminated now.

Mr. Morewitz: I want an explanation from this witness as to why he can't be here either tomorrow or Monday all day or Tuesday morning—why he has to choose Tuesday afternoon. What is so pressing that he can't appear here?

The Witness: I was here at two o'clock waiting for you.

Mr. Morewitz: You were here at two o'clock in this room?

The Witness: I didn't go out for lunch, waiting for you. I was here from nine o'clock in the morning. When I was through with my work, it was one-thirty; and because I thought you were going to be here at two o'clock I stayed inside and had a sandwich and nothing else. There is a limit to every resistance. Goodnight, gentlemen.

Mr. Morewitz: (To reporter) Show that the witness walked out and has not been excused; and I now move for default.

Mr. Reid: Mr. Morewitz, you are not going to appear on Tuesday afternoon?

Mr. Morewitz: The Court knows I have a case with Mr. Walter B. Martin at Eagle Ocean Transport at the beginning of two o'clock.

Mr. Furr: Is there some later time you you would like it?

Mr. Morewitz: When I came here on time at the time you specified and you asked me to give you a slight continuance if you will produce a man later on either Saturday or Monday and you say you will produce him on one of those two days if it takes longer, and you don't produce him until two-thirty, and you say you won't produce him on Saturday or Monday, and you say you can't produce him until Tuesday afternoon—if I don't get a default now, I should never get one. I also want the record to show that there are documents available in this office that the witness has referred to that have not been produced. There is no indication from the respondents that they are going to produce these documents, and that is in violation of the Court Order too.

Mr. Reid: What documents? Specify what the documents are—with a description for identification?

Mr. Morewitz: The record speaks adequate as to what this witness said he has and what he was going to seek for; and he has seen fit to walk out.

Mr. Reid: You haven't answered my question, Mr. Morewitz.

Mr. Morewitz: I don't think I am on the witness stand. Of course, if you want to take on the witness stand, we might take some testimony from you which might be enligtening, and the same applies to Mr. Hennessy. I suspect Mr. Furr will have that opportunity.

Mr. Furr: To testify?

Mr. Morewitz; Right—as to what agreements he made. (pause) The witness having gone five minutes ago, I think I shall follow him out the doorway; this deposition having commenced at two-thirty instead of two o'clock; it is now 5:05—counsel having been here since I:45.

(Whereupon Mr. Morewitz and the reporter left the examination room, the witness having done so five minutes earlier.)

Deposition of Mr. Zacharias Rhoditis, as interpreted by Mr. William E. - Q. Now, describe how your foot was broken. A. When we went to tie up the spring line.
- Q. Now, where did this injury occur? A. On the ship. They were tying up the ship. They had a keeper on a spring line and the keeper broke. The chain whipped around and broke my leg.

- Q. Where was the ship at this time? A. In the river, right next to—in the river at New Orleans, right next to a factory.

Mr. Gelpi: Let him answer.

- A. A chain that holds the spring line so it won't slip. By Mr. Stahl
- Q. All right. A. He was over by the winch. The Mate called to tie it up, so they loosened the line from the winch and they put one turn around the bitt. When they were putting the second turn around the bitt, the chain broke and hit him in the foot.
- Q. All right. Now, when the chain broke, did it whip around and hit you, or was it right next to you or how did it happen; how far away were you from the chain? A. Half a meter. He had—he was half a meter from the chain. He put one turn on the bitt, and the other guy was supposed to put another turn on the bitt, and he was waiting on him when it broke.
- Q. All right. Did the chain, when it broke, fly through the air quickly or slowly, or how?

Mr. Gelpi: I object to the form of the question.

Mr. Stahl: All right. Let him go ahead and answer it.

Mr. Gelpi: Yes, sure.

By Mr. Stahl .

Q. Just ask him how fast did the chain fly through the air. A. He says that he didn't see it. He says it broke and took the wire and everything from his hands, and he didn't see nothing, that's when he fell. He couldn't see, it happened so fast.

Q. All right. Now, the part of the chain that hit you, describe the wound that it left on you. A It made two holes in his skin and broke his bone, and the blood was squirting out.

Q. Now, you say it made two holes in your skin; in other words, two pieces of metal on the chain hit you?

Mr. Gelpi: Object to the form of the question.

A. He didn't see the parts of the chain. The chain broke, and it hit him.

By Mr. Stahl

Q. And he says he did not see the part of the chain that hit him? A. No.

Q. All right, but it left two wounds on your leg? What did he say? A. He said yesterday, Monday, when he took the cast off, the blood was still running.

Q. Which Monday was that, what is the date of that Monday? A. The 9th.

Q. The 9th; would you describe the wounds as bruises, or cuts, or how? A. Cuts, it's bleeding. The way it hit him, it made two holes.

Q. All right. How deep were these holes?

(The witness indicates with a cigarette butt.)

- A. The hole was as wide as a cigarette, and it was about % of an inch deep, and he says he couldn't see because the flesh was coming out.
- Q. All right. What was done on the ship to help you until you could be brought to a doctor? A. They took his shoe off and they put him on a stretcher, and they took him out on the dock, and the laborers brought him to the side to wait for the ambulance.
- Q. All right. Now, during that time, was your leg bleeding? A. Yes, it's been running continuously, even up till the other day, Monday.
- Q. Was a tourniquette placed on your leg to stop the bleeding?

Mr. Gelpi: Object to the form of the question. Go ahead. A. No, only at the hospital they gave him an injection. They put gauze on it, and then they put the case on.

#### By Mr. Stahl

- Q. Was anything done before the ambulance came to ease your pain? Wait a minute, explain to him just to answer my questions, not to get ahead of me, just to answer my questions; on the ship, before the ambulance came; what was the answer to the question? I asked him whether anything was done to ease his pain. A. No.
- Q. No, all right. Were you in pain? A. Very much, it was hurting him very much. Even in the ambulance, it was hurting.
- Q. All right. What was done for you when you went to the hospital, what did they do for you at the hospital? A. They give me an injection, they took pictures, and they put the plaster cast on.
- Q. Did they give you any medication there? A. They gave him some medication, some pills, and they took him

to the ship. He couldn't stand the pain, and they brought him out to this hospital.

- Q. All right. How long was it between the time the chain hit you and you were taken to the first hospital? A. He didn't know, he didn't have a watch; about an hour.
- Q. How long was it after they brought you back to the ship, in other words, how long did you remain on the ship until you were brought to this hospital, after you were returned to the ship? A. He was on there about three quarters of an hour. His pain was so great that he couldn't stand it any longer, and the Mate come down and saw him and sent him off.
- Q. All right. Do you know the name of your doctor here? A. He says it's something like "Katsikas," "Kitchika" (Note: Spelled phonetically.)
- Q. Now, you said that you were given some medication at the first hospital you went to for your pain; did it suffice to reduce the pain? A. No.
- Q. No; were you given any medication for pain at the second hospital that you were brought to, this hospital?

  A. They did, but they don't do him no good. You want all this?
- Q. Everything he says. A. 7:00 this morning they give him some, and last night they give him some. They always give him some, but they don't do him no good.
  - Q. Do you still have the pain now? A. All the time.
- Q. All the time; how great is it? A. Yes, very much. If it was little, he would say it was.
- Q. Is it as great as it was when you first received the injury.

Mr. Gelpi: Object to the form of the question.

By Mr. Stahl

- Q. All right, let him answer. A. It's very little better.
- Q. Does your leg hurt any more when it's in one position than when it's in another? A. Any way he turns it, it's the same thing, it hurts him.
  - Q. What was that last remark? A. Any way he puts it, he says, it hurts him.
  - Q. Does it hurt you any more when it's hanging down than when it's up like it is now? A. When he hangs it, when he went to the toilet a couple of times, it's unendurable, the pain, almost unendurable.
  - Q. Does the pain interfere with your sleeping? A. It keeps him from sleeping, but from fatigue he drops off to sleep.
    - Q. From what? A. From fatigue.
  - Q. Now, when you fall asleep from— A. Well, it's tired, he gets tired and falls off asleep.
  - Q. When you fall asleep from fatigue, about how long do you remain asleep? A. About an hour. The pain wakes him up again.
  - Q. Did you explain to Dr. Kitziger that the pills weren't doing you any good? A. Yes, I told him. I take the pills and it still hurts.
  - Q. When did you tell him this? A. The other day, he told him.
  - Q. Which day? A. Saturday. He says they give me pills for pain and it still hurts me.
  - Q. Did you explain this to the doctor on Saturday—what was the date of that Saturday? A. Yes, on Saturday I told him, on Saturday.
  - Q. What was the date of that Saturday? A. The 14th of the month.

- Q. All right. Why didn't you tell him that sooner? A. He told him before, Wednesday, but he can't make him understand, and he don't understand the doctor.
- Q. Why can't they understand each other? A. Because he don't know the language to speak.
- Q. After you explained to Dr. Kitziger that the pills weren't doing you any good, did he change the pills? A. No, the same.
- Q. All right. Do you know whether the pills you are taking have any narcotics in them? A. He don't know whether they've got narcotics in them or not.
  - Q. Do they make you feel dopey? A. No.
- Q. Now, since the cast was first put on, how many times has it been cut off for examination and another one put on? A. Once.
- Q. And when was that done, what day and what date?
  A. Monday, the 9th of the month, in the morning.
- Q. All right. Now, did you see your wounds when they took the cast off? A. Yes, I saw them.
- Q. What state or condition were they in? A. They were about the same, they were bleeding.
- Q. And what was the date of this again, I didn't get that. A. The 9th.
- Q. The 9th; you say that they were bleeding, did you say that they were bleeding? Ac Yes.
- Q. Was there anything besides blood coming out of them? A. Some blood and water.
- Q. What else? Translate everything he says. A. It was eight days in the cast.
- Q. All right. So, there was water and blood coming out. Was it bleeding much; how much? A. He can't explain exactly how much, but it was running.
  - Q. All right. A. It was running down his leg.

Q. Do you feel that you are fit to travel back to Greece now?

Mr. Gelpi: I'm going to obect to the form of the question. A. No, I can't, my foot hurts me.

By Mr. Stahl

Q. Besides the pain, is there any reason why you don't feel that you are fit to travel? A. He's afraid for his foot, he's afraid to travel.

Q. On the basis of how much your leg has improved since the accident, when do you think you'll be able to travel?

Mr. Gelpi: Object to the form of the question,

A. He says in about a month, he says, if it's better. By Mr. Stahl

Q. All right. Did you know that your doctor had discharged you as a patient? A. Yes, and they give me pills to take at home.

Q. Have you been able to contact anyone at the company, any of the company's representatives, to explain to them that you don't feel that you're ready to go home! A. No. The Port Captain called me up on the phone, he said, called him up Thursday on the phone and said that, "Monday you're going to Greece." He says, "When my leg gets better, I'll go to Greece."

Q. Did you explain to him that you did not feel that you were ready to go? A. He told him.

Q. All right. A. Before it gets better.

Q. What did he say? A. He says that he didn't say nothing, he said, "Anything the doctor said you can do."

Q. Did the Port Captain tell you anything else besides that?

Mr. Gelpi: Object to the form of the question.

A. You want this?

### By Mr. Stahl

- Q. Whatever he says. A. He says, "The lawyer that you put on, who is going to pay him?" He says, "That's no concern of yours." He says, "Well, you're going to lose your money."
- Q. Who said this, the Port Captain? A. The Port Captain.

# Q. All right.

Mr. Gelpi: I move to strike the testimony on the grounds that will be introduced at the trial to support the objection made.

# By Mr. Stahl

Q. When you do return to Greece, do you feel that it would be safe to travel by ship?

Mr. Gelpi: Object to the form of that question also.

A. He's afraid to go on a ship.

### By Mr. Stahl

- Q. Why! A. He's afraid for his foot.
- Q. Well, why is he afraid that traveling by ship is going to be dangerous for his foot? A. He says when it's well we travel on the ocean and we don't do so good. With a broken leg, how am I going to get over there?
- Q. All right. Now, on the ship, whose job was it to see that this chain was in good condition? A. The Chief Mate and the bosun.
- Q. Did you at any time before the accident occurred notice the condition of the chain? A. The chain looked all right, it was like new.
- Q. Had it ever broken before? A. No, it had never broken.
- Q. What rate of pay were you on as an employee of Hellenic Lines? A. Forty-four pounds.

- Q. Per what? A. A month.
- Q. Were you eligible to receive pay for overtime work?

  A. In twelve days I had a hundred hours.
- Q. Was that overtime alone? A. And two pounds of working in the hold.
  - Q. But was that all overtime? A. Yes, overtime.
- Q. Now, since 1961, at which time you became a Seaman A. B., what was the average amount of overtime that you made a month, the average number of hours in a month that you worked overtime? A. It depends on the ship, what kind of ship. In some ships you have more overtime than others.
- Q. Well, in the month that you had worked for Hellenic Lines, how many hours overtime had you put in? A. 120-30 hours. From Crete over here they didn't make overtime, but over in Crete, they made overtime; and when they got over here, they made overtime.
  - Q. What was the total hours? A. 130.
- Q. And all that 30 hours was overtime alone? A. All overtime.
- Q. Now, of this evertime pay, do you receive any more by virtue of where on the ship you work, for one kind of overtime work than another kind? A. Yes, odd jobs that you get two for one, three for one, and it all depends.
- Q. All right. Now, this overtime that he made with Hellenic Lines, was it two for one or three for one, or if it was both, how much of which was the 130 hours? A. It was single, four or five hours were only double, two for one.
- Q. I didn't hear your whole answer. Say it again. A. It was single, single overtime; in other words, one for one, one hour for one hour's work. Only four or five hours were double overtime, two for one.
- Q. Now, on the average, in the last five years since you've been an A. B., what have you averaged in overtime

pay alone? A. No less than eighty hours a month. They don't figure that, but it varies with ships, different type ships.

- Q. But in money, not in hours, what is the average amount of money he has made overtime? A. Around \$50.00.
  - Q. All right. Are you married? A. Yes.
  - Q. Do you have any children? A. Two.
- Q. Does your family receive any support from anyone besides you? A. No.
- Q. You mention that you read very little Greek is that correct? A. Yes.
- Q. All right. When you went to work for Hellenic Lines, did you have to sign any articles or agreements regulating the obligations due by you to your employer and by him to you? A. Yes, he says the company puts out some papers, documents, and everybody signs them.
- Q. All right. Now, did you read these articles before you signed them? A. No, he didn't read them because everybody signs, the company says they're all right.
- Q. The company says they're all right; are you aware that the articles which you signed make a provision in which you agree that you will not sue the company anywhere but in Greece for injuries that you might receive?

  A. No, I don't know.
- Q. Do you know who owns Hellenic Lines? A. Kalimanopoulos.
- Q. Do you know how long he has owned the company?

  A. He don't know, but he hears others, it's a well known company.
- Q. All right. Where does Kalimanopoulos live? A. In America, his office, in New York.
- Q. Do you know how long he's been living in America?

  A. No, he has the company for years.

- Q. What did he say about how long he's been living in America? A. He don't know.
- Q. He doesn't know; do you know if Kalimanopoulos is an American citizen? A. He don't know if he's American or Greek, but all his ships have American names on them.
- Q. As far as you were able to discern, would you say that Hellenic lines was an American or a Greek Company, as an employee of it? A. He didn't know. He knows that his big offices are in New York, in America; but he uses foreign ships, Greek ships and American ships, all kinds of ships. He don't know what the company is.
- Q. What was the name of the ship on which you were injured? A. HERO, H-E-R-O.
- Q. Hellenic HERO; did this ship have a Greek flag on it? A. Yes, it had a Greek flag.
- Q. Do you know whether the ship has ever had any other nationality's flag on it? A. No.
  - Q. He doesn't know? A. He doesn't know.

Mr. Stahl: All right, I have nothing else.

By Mr. Gelpi

- Q. Did you sign Greek Articles? A. One paper that the company gave them that all the seamen signed.
  - Q. It was in Greek? A. Yes.
  - Q. He signed it in Greece? A. Yes.
- Q. He is going back to Greece? A. I'm going when my foot gets better.
- Q. How often has he been in America? A. Last year he—depending on the ship. Last year he was running from America to Japan, sometimes to Europe, one month, twenty days, sometimes two months, depending on the ship.
- Q. The only time he is in America is when a ship is in an American port, is that correct? A. Yes.

- Q. His family is in Greece? A. Yes, in Greece.
- Q. As far as he knows, the only time he will be in America in the future is when he is on a ship in an American port, is that correct? A. With a ship in America. What am I going to do here? What am I going to do here without a ship?
- Q. All right. You don't own any property in the United States? A. Not even in Greece, he hasn't
  - Q. Have you ever been convicted of a crime?

Mr. Stahl: I object to the question for reasons that will be shown on the trial of the cause.

A. No, never, he's clean on that.

  - Q. Greek Army! A. Yes.
  - Q. What years? A. From '50 to '53.
- Q. Where did he serve! A. In Athens. You want all the places where he went with the Army?

- Q. Ask him what kind of discharge he received. A. I don't know what kind of rating.

- Q. "Baton Rouge" did he say? A. No, I don't think he said—he don't know the factory, it's the first time he's been here.
  - Q. Was it St. Rose?

Mr. Stahl: Wait a minute, he didn't say St. Rose.

A. He don't know.

# By Mr. Gelpi:

- Q. He doesn't know, all right. Who was in charge of the operation when you were injured? A. The Chief Mate.
- Q. The ship was docking at the time he was injured?
- Q. Who was handling the lines on shore? A. The workers, the workers, on the dock, Negroes.

- Q. What size line was going to the dock? (Witness indicates) A. About an inch and a half, inch and a quarter.
- Q. Inch and a half or two inch line, it looks like he is showing. A. Well, that's a metal line.
  - Q. Was this a cable or— A. Yes, cable, metal line.

Mr. Stahl: How do you know, did he say that? A. Yes, wire.

# By Mr. Gelpi

- Q. What size chain was this that parted? A. Like the bottom link on that thing (indicating a light fixture suspended from a chain in the hospital room).
- Q. Well, I would estimate that the chain itself on the

Mr. Stahl: Well, that's not what he said, he said it's

Mr. Gelpi: Well, that's what I'm asking you, if we can agree—I'm just trying to get some idea of the size to put in the record. If we can agree on the size of that—

Mr. Stahl: Right, but that's not part of the chain, I don't think.

Mr. Gelpi: He is talking about the circular ring on the bottom. A. The circular ring on the bottom of the chain is about the size that broke on the ship.

Mr. Gelpi: Can we agree the metal on that ring is approximately a quarter of an inch?

Mr. Stahl: Yes, I think we can agree on that. Well now, wait, I would be more inclined to say three-eighths now that I have a good side view of it.

Mr. Gelpi: Between a quarter and three eights is fine with me.

Mr. Stahl: All right.

By Mr. Gelpi

Q. Who was in charge of the operation at the site; in other words, I know the Chief Mate is in charge of the docking operation, but who was at the site where you were, at the spring line, in charge? A. The Chief Mate, he was just over further than me.

Q. Who was in charge up on the bow of the ship?

A. Well, he was up there on the bow with the Mate, the Bosun, the Carpenter, and two other ordinary seamen.

Q. Do I understand him correctly that one end of this mooring cable was attached to the dock, and the other end, after going around the bitts, was attached to the winch? A. Yes, the wire was long, the end 'way down, but the part that was on the winch.

Q. How long was this keeper chain? A. Two fathoms, about three meters, the chain was about three meters long.

Q. And to what was the chain fastened? A. On a bitt.

Q. How was it fastened to the bitt? A. He didn't see exactly how it was fastened at this time, but he knows there's a key that fits in the chain, and it secures it.

- Q. To the bitt! A. To the chain. There's an open end on the chain, there's a pin goes through it, when you put the other link through to secure it.
- Q. Has he ever worked with this chain before, this keeper line? A. All the ports they made in America they made with that same keeper.
- Q. And this chain was in like-new condition, I believe he said? A! Yes.
- Q. Were there any tugs assisting the HELLENIC HERO at the time of the accident? A. No—yes, one in the center of the ship.
- Q. Which side of the ship was he on at this time? A. On the right side, on the dock side.

- Q. Were the ship's engines operating at the time of the accident? A. Yes, at that time the engine turned over.
  - Q. Was the winch operating at the time?

Mr. Stahl: Wait, hold it before you answer. His answer was at that time the engine turned over; does he mean it turned over once, or it was turning over? What was the tense of that verb?

A. It just made one motion, going forward.

Mr. Stahl: All right.

By Mr. Gelpi

Q. Was the winch being operated, taking in on the line, at the time the keeper parted? A. No, they had stopped it to take the line off the winch, that's why they had the keeper on it, to fasten it to the bitt.

- Q. Is the purpose of the keeper to put a strain on the line to hold it where it is, so that you can take the line off the winch and put it on the bitts? A. Yes.
- Q. Who had attached the keeper to this line? A. One seaman.
- Q. Who was this seaman? A. Diamond, they called him; he don't know his last name.
- Q. How long had he been at the site of the accident, of his injury by the spring line, before he was injured? A. He don't know exactly; a half hour, fifteen minutes. They were all there tying the ship up.
- Q. I mean, how long was he at the site of this keeper? I don't mean in the port, I mean right at the spot where he was injured by this keeper, by the spring line, before he was injured? A. He was right next to the keeper for about ten minutes. He was taking up the slack on the spring line before they had it secured.
- Q. Who else was there besides Diamond, the Chief Officer and himself? When I say "there", I'm speaking about the spring line location where he was injured? A. And Christie, another seaman, three.
  - Q. Three other seamen? A. Two and him is three.
- Q. Diamond is one of the two? A. And him, three; Christie, Diamond and him, three on the spring line.
- Q. Did I understand him to say he does not know how the keeper was affixed to the bitts? A. No, not at that particular time, that's what he said.

Mr. Stahl: Ask him again.

By Mr. Gelpi

Q. That's what I thought he said. Did the keeper make any noise at the time immediately before it popped or after it popped? A. It made "bop". With the "bop," he grabbed his leg, his leg was hurt, and he fell down; and

he hollered, "Fellows, my leg is broke, or hurt." He said if he would have fell on the other side, on the wire, he said the wire would have crumbled him up, the spring line.

- Q. He was on the dock waiting for an ambulance between a half hour and an hour? A. No, about ten minutes. The second time he was in bed, in the ship, when he come back.
- Q. But he was on the dock the first time about ten minutes before an ambulance picked him up, that's what he said? A. Yes.
- Q. Does he know the name of the hospital that he was taken to the first time? A. He don't know; a big hospital.
- Q. How many doctors has he seen about his leg? A. One doctor at that hospital, one doctor here, one pathologist that checked him all over, and these guys that take the X-rays.
- Q. Were you unconscious at any time? A. No, he didn't lose consciousness. He didn't lose consciousness, but he was in awful pain, and he—his head was in a turmoil.

  Q. As I understand, when they took the cast off and put a new cast on, your leg was blooding in that
- put a new cast on, your leg was bleeding, is that correct?

  A. Yes, it was bleeding.
- Q. But there was just a little blood, is that correct? A. He says there had to be more than a little blood because they put gauze on there, and it was blue, and they wrapped it up before they put it in a cast.
- Q. Was this the first time they put it in a cast? I want to know about when they changed his cast after he was in this hospital. A. The wound was bleeding, and this water was coming out.

Mr. Stahl: Your question was, was this when they were changing the cast or when they first put it on; what was his answer to that?

A. When they were changing the cast, that's when they had blood and water. They put gauze on it before they can put the plaster around it.

- Q. Have you talked to Mr. Stahl before giving your deposition? A. No.
- Q. He has not talked to Mr. Stahl at all before this morning? A. The day he come up here with the doctor, he come up here with the doctor.
- Q. Have you ever talked to Mr. Stavis before this morning? A. He don't know, he don't know me.

Mr. Gelpi: That's all I have.

By Mr. Stahl

- Q. Let me ask him a few questions. In answer to Mr. Gelpi's question, whether you would have any occasion to be in the United States other than when you were here with a ship, your answer was no, you would not; but isn't it so that you say you don't plan to leave the United States until your foot gets better and you are here now? A. He's going to stay here for his foot to heal; not to stay in America, not to stay in this country for any other reason, just 'til his foot gets better.
- Q. You mention that you were on the dock ten minutes before the ambulance came, but how much time elapsed between the time the chain hit you and the ambulance came? A. He didn't have a watch to figure out what time it was. They took his shoe off, when he fell down they took his shoe off, and when they put him on the stretcher he asked them to take his sock off, and they took his sock off and the blood was squirting out; and then they took him on the dock, and ten minutes later the ambulance came.
- Q. Wasn't it your answer before that about a half hour to an hour elapsed between the time of the accident 'til the ambulance came?

Mr. Gelpi: Object to the form of the question.
Go ahead.

A. He said about that. He didn't have a watch to say exactly that.

Mr. Stahl: And of that time, ten minutes was spent on the dock?

Mr. Geipi: Object to the form of the question. Go ahead. A. Yes.

Q. How long did it take for the ambulance to get to the hospital? A. A half hour. He don't have no time on him, but he figures about a half hour.

Q. Was the siren running on the ambulance when they took you to the hospital? A. Yes, it was blowing.

Q. All right. Have you been in pain during the time that we've been taking your deposition? A. Yes, it hurts.

Q. Is that the reason that you've been wincing?

Mr. Gelpi: I object to the form of the question.

A. Yes.

Mr. Stahl: I have nothing further.

Mr. Gelpi: I have nothing further.
